Town of Farmington changes newspaper, meeting date

By Andrew Kuehl
Statesman Publisher

TOWN of FARMINGTON- Traditions were broken at the township's September meeting. The township will now use The Statesman as their official newspaper to publish public notices. The town will also change the date of their monthly meetings in 2009.

The change in the town's newspaper will take effect September 11. Residents spoke in favor of the idea. Chris Elbe thought it was nicer to have a smaller, community newspaper covering the issues of the township.

Chairman Gary Schreiber agreed, "I would be more than in favor, simply because it covers the School District very well. It covers Farmington very well."

Supervisor Ike Roell, stated he was not in favor of the idea, "I don't see us needing a change," he stipulated.

Supervisor Art Seyfert introduced a motion, to use The Statesman for a

Town hopeful to receive FEMA assistance

trial period of one-year, and revisit it in a year. Chairman Schreiber seconded, Roell opposed.

The second large change came in the form of changing the township's meeting date. Starting in January of 2009, the town board will meet the second Tuesday of the month instead of the first. Treasurer Ken Ramthun, asked for the change because the meeting schedule conflicted with the bill payment schedule.

Building Inspector John Derler, reported that one new home permit was issued in August. A total of four building permits for the year have been issued.

A Conditional Use Permit will be required for Eugene Ziegler, 1120 Greenway Lane, after complaints from his neighbors were received regarding trailers and lawn equipment being brought to his property from a business he owns in Grafton. A vote on the Conditional Use Permit will be brought back before the board in

October.

Dan Poradek addressed the supervisors regarding his neighbors, Trev and Terri Timblin, and a complaint of noise and dust from motor bikes and all terrain vehicles (ATV). He explained that the Timblins built an ATV track, and are running ATV's with open exhausts that echos throughout the whole neighborhood.

Four residents in attendance additionally voiced their disgust. Terri Timblin explained that this was the first time this was brought to their attention. The four residents were mostly concerned with the noise created from the ATV's.

Chairman Schreiber explained he went to the Timblin residence and spoke with Terri. "I saw the track, her son was operating a four wheeler, it was the middle of the day, there was dust. I think the Timblins are more

Primary Election Tuesday

By Andrew Kuehl
Statesman Publisher

Assemblyman Dan LeMahieu hasn't had a primary to run in since he won his seat after defeating seven in a Republican Primary in 2002. This time, he faces just one challenger, a young man with impressive name recognition from the opposite direction of the district.

Representative LeMahieu began his tenure in the Legislature in 2003 after serving a long career inside local politics of Sheboygan County for 14 years. For 12 years he was a county board supervisor, the remainder he served as board chairman.

He resides in Cascade with his wife Rosemary. LeMahieu owned Oostburg's Lakeshore Weekly for 23 years before selling it to his son. He is also involved in the Oostburg Kiwanis Club and Oostburg Business Association.

During his three terms in the Wisconsin State Assembly he remains active on the following Legislative committees: Aging and Long Term Care, Courts and Corrections, Natural Resources, Urban and Local Affairs and Review of Administrative Rules which he co-chairs.

LeMahieu is endorsed by Pro-Life Wisconsin and Wisconsin Right

Community

From page 1: **Primary Election**

Rep. Dan LeMahieu

to Life, he is the only candidate endorsed by both. He is also the only candidate endorsed by The Wisconsin Farm Bureau and NRA. He was Pro-Life legislator of the year in 2005.

The bills LeMahieu has authored include bill to eliminate the estate tax commonly referred to the death tax and introduced a bill on collection of fines and forfeitures for municipalities. In past terms he passed a bill (AB-810) in 2005 that brings Federal dollars to county nursing homes resulting in \$3.2 million coming to district's nursing home, covers their losses from medical assistance patients. Before the state got it and they used it for whatever the state wanted. This bill forces the state to give it to the county nursing homes. Statewide this was \$16 million. He also passed numerous legislation affecting counties and this resulted in him being named Wisconsin Counties Association Legislator of the Year.

LeMahieu proudly announced that he was one of 12 legislators that said no to tax increases in the state budget. He said he voted against a compromise but ultimately he was part of actions that eliminated over \$15 billion in tax increases last session. "It's important we keep the fiscal conservative legislators in the assembly to fight these tax increases," he explained.

LeMahieu, as the co-chair of the Legislative Rules Committee the committee, that oversees the rules state agencies promulgate, and under direction of Governor Doyle, they tend to be restrictive on small businesses and farmers. We need to fight those restrictive rules to protect jobs and the agricultural community.

Karl McCarty, resides with his parents on their Campbellsport farm. He is a part-time teacher at Oakfield High School. He is a member of the Campbellsport Board of Education and volunteers on the Campbellsport Community Theater Board of Directors. Past activities include coaching high school forensics and football.

The 25-year-old received his education at UW-Oshkosh.

His reasons for wanting to unseat the three-term Republican assemblyman include

Karly McCarty

real leadership and to maintain a high ethical standard. "I see corruption in Madison and no one is doing anything. There is not enough lobbying transparency, we passed eight budgets and don't know where the money is going. Earmarks are incredibly unethical," he professed. He explained that over \$30 million in earmarks were given in October of 2007.

Economic development through energy is another driving force of the McCarty campaign. He says he is in favor of expanding the Murphy Oil Plant in Superior. He estimated the expansion would create 400 jobs "The benefits are unbelievable. I would argue its environmentally sound, Superior has clay based soil," he explained.

The use of solar energy is another talking point in McCarty's campaign. He explained the economic benefits of using solar energy are increasing. "The vast majority (of energy) in Germany is solar based. They have a climate like Wisconsin and are similar in size. If we miss the board on solar, we miss the boat on jobs," he stipulated.

McCarty beholds a passion for the region's lakes. He shared his disgust that nothing has been done regarding the ballast water being dumped in Lake Michigan by ships. "We have known about this for 40 years, and nothing at the state level has been done. We need to get a grip on that, Michigan says boats need ballast treatment systems in the boats. Canada has salt water flushing, that kills most of the invertebrates. We are a pro-business party, but we are seeing the collapse of the fishing industry. Water is the basis of life, we need to be watching Michigan's lake levels," he said.

McCarty stated that while not endorsed, he is Pro-life and pro-gun. He did receive the League of Conservation Voters endorsement.

"This campaign is not about what Dan has done, it's about what he hasn't done," McCarty concluded.

The Partisan Primary will take place on Tuesday, September 9. Check with your municipality regarding polling hours.

Community *Abridged*

Residents evacuated from home after gas leak is discovered

KEWASKUM - Police and firefighters were dispatched to a home on the village's southwest side Tuesday evening, September 2 at 10:17 for a report of a gas leak inside a home.

The home owned by Thomas and Susan Johnson was evacuated before police and firefighters arrived. There were no reported injuries.

Fire Chief Mark Groeschel explained that a small leak was found in one of the fittings in the gas line inside the home. Firefighters once on the scene turned the outside gas meter off and stood by while waiting for WE Energies arrived.

Opinion

McCarty replies to letters Working 'with' our youth at Nova

To the Editor:

In last week's Statesman, comments were made which I need to refute. Let me start with Del Ellefson's comments. Ellefson claimed that he talked to me at the Washington County Fair. Ellefson's description of my position on education and taxes was inaccurate. In fact, he came up to me and said, "Karl, you're a public school teacher and a farmer. You can't be a Republican." When someone says a comment like that, it's quite possible the person never knew a teacher or a farmer.

I was elected to the Campbellsport School Board in 2004. The Campbellsport School District budget is \$1.5 million below the state mandated levy, making it one of the most fiscally responsible districts in the state.

Ellefson also implied I was out of touch with senior citizens. I am the only candidate in this assembly race who supports freezing property taxes on the primary home of those 65 and older. I am the only candidate calling for Alzheimer's research and long-term planning in Wisconsin.

Glenn Grothman's statements must also be examined. Grothman wrote a letter to the editor commenting on my ideas concerning State Supreme Court races. I came up with a solution—the creation of a commission to recommend candidates based on merit—because the Democrats are proposing public financing of Supreme Court races.

Under the plan passed in the Senate this February, Supreme Court candidates would be given \$100,000 in the primary, and \$300,000 for the general election. We should not be financing our campaigns through taxpayer dollars. Yet this very well could happen if Republi-

cans don't come up with a viable alternative.

My suggestion for reforming the Supreme Court is not far-fetched. In 1940s, Missouri became the first state to replace judicial elections with a merit system based on credentials. The process is popular, and since then half the states in the country followed. No merit-based state ever returned to judicial elections.

Furthermore, the merit-system proposal would take away power from Governor Doyle, who currently controls the entire appointment process which is blatantly partisan because the governor makes the selection by himself.

Last week's editorial also commented that "The people have no say!" under my proposal. This comment is false. We presently wait a decade in Wisconsin before we can vote on a judge's term. Under the merit system, every seven years a judge would be put forth in front of Wisconsinites, who would vote to keep or fire the judge. Voters already lack power in the present system. In the last ninety years, the last 50 Wisconsin Supreme Court justices had only 17 who first gained office by election. According to *The Wisconsin State Journal*, of the 33 appointed, 32 sought reelection and 30 won.

Lastly, Grothman noted in his editorial to "Join me in voting in voting for Dan LeMahieu" Sept. 9th. Glenn Grothman won't be voting for Dan LeMahieu. He can't. Grothman lives in the city of West Bend.

Karl McCarty
Candidate for 59th
District Assembly

In more simple societies, problems were addressed by a gathering of members in a circle to solve or prevent a serious incident. As a member of a more complex society, I am deeply concerned about the violence erupting suddenly in our schools and neighborhoods.

I grew up in the 1940's, went to high school in the 1950's and was supported by a caring extended family and concerned neighbors. We were beyond the era where children were to be seen but not heard.

Presently I am concerned about us adults not hearing from our children and grandchildren. We simply do not see their world the way that they do; nor do we envision the many different options they see as a way to respond to present day problems. Let's face it! This is a whole new world.

For the past 18 months I have been volunteering with Nova Services in West Bend. Among other things, the organization is dealing with youth at risk. An "old, new" approach had been utilized whereby volunteer "elders" meet in a circle with young people to either support, deal with criminal behavior, determine corrective behavior, make restitution or in general to make things "right" again. The beauty of the program as we volunteers see it,

is the inter-working of various ages of people. This intergenerational approach is a great experience for all participants. It's like Grandma & Grandpa listening to and talking with their grandchildren.

In some locales, students start the day by gathering in circles to talk about their lives and to listen to their peers. Let's face it! We know very little about the baggage students are carrying to school these days.

Then when violence occurs, we act as though it came out of nowhere. Nonsense! All this recent violence has a cause but we are not taking the time to find out about these factors. We are just too busy!

As a former middle school teacher during the 1960's and 1970's, I am convinced that I would not discipline in the same fashion as I did then—with a one-sided heavy-handed approach. The new Circles Director at Nova, Colmie Gaedtker, showed me a diagram of four different approaches to disruptive youth.

Instead of not doing anything or doing something "to" the offender, or doing everything "for" this person, we work "with" this youth. I am firmly convinced that this is a step in the right direction and feel that the community should be aware of and fully support these ef-

orts. This "old, new" approach was successful long before there was a legal system with all of its technicalities. The rights of all citizens in a society have to be respected. While doing prison ministry at a maximum security institution, even the inmates showed concern that we are becoming afraid of our own offspring. This was never the way things were to develop into the 21st century. We are more intelligent than that!

From page 1: Farmington Meeting

than willing to work something out," he stated.

"We moved dirt around, made some hills and jumps. The kids race around the state, they need to practice, we wanted something more life-like. It's been a dry summer, so there is dust, we have tried watering this down. There are 168 hours in a week, we just want four to five hours a week. We're not intending to be bad neighbors, our kids don't do school sports, this is their sport," Trev Timblin explained.

The residents in attendance agreed they could live with it a few hours a week if the noise lessened. Schreiber suggested giving the Timblins the opportunity to knock dust down, and to have the noise reduced. The issue will be brought before next meeting.

Culverts on Jay Road and Fillmore Road sustained damage during the June rainstorms. Two culverts in particular need to be replaced, one on each side of the road. Chairman Schreiber explained that patching has been futile.

Chairman Schreiber went on to explain he has been in contact with the Federal Emergency Manage-

ment Agency (FEMA) and a claim will be presented to them in hopes they will pay 87.5% of the culvert repair project. However if FEMA does not agree that the damage was due to the storms, the town will be burdened with the entire cost of the project.

Supervisors reviewed two bids for the work. The first came from Wayne's Grading for \$4,960. Sons Trucking submitted the second bid for \$3,500. They stipulated that if the work can be done in one day, the town will be credited \$1,000. Seyfert motioned to accept Sons Trucking's bid, Roell seconded and the motion carried.

A second situation from the June rainstorms was discovered on Paradise Road, south of the Valley View intersection. Currently there is no shoulder on the road which has provided for a dangerous situation.

Seyfert stated that resident Mark Haack, called and alerted him of the situation. The hill slid down 200 feet, and there was a point the shoulder no more than a few feet, there is a foot long crack in the black top, a little more and the road would have washed away possibly. He

said the town engineer stated that something had to be done and it had to be dealt with. Just recently, the town added truckloads of fill.

Chairman Schreiber gave two thoughts, first, to hire a landscaper fill and seed the area so grass can support the dirt and avoid further wash-out, or to try seeding by the township.

Schreiber wanted to try something themselves, while Seyfert disagreed and thought the situation needed professional work.

Chairman Schreiber announced he had a bid from North Farm Landscaping and Excavating. The company stated they would add 525 tons of fill and topsoil over the hill and plant wild grass seed at a cost of \$6,715. The township could possibly present the cost to FEMA and have them pick up a portion of the cost as well.

Clerk Joanne Oneska reported the township received their equalized value figure from the State for 2008. She reported the town has \$408,686,900 in equalized value. This is up \$12,788,600 from last year. The State also gave a population estimate of 3,560 people.

West Bend man injured in moped accident

On August 30, at 2:29 p.m. the Washington County Sheriff's Department was notified of a single vehicle moped injury accident on Jay Rd., east of State Hwy 144, in the Town of Farmington. Boltonville First Responders and Kewaskum Rescue were dispatched to the scene. They later requested assistance from West Bend Intercept and Flight for Life Fond du Lac.

The preliminary investigation indicates that two mopeds were traveling eastbound on Jay Rd. The operator of the second moped, Douglas E. McGee, 38, of West Bend,

began to operate in a reckless manner swerving within his lane. McGee lost control, entered the south ditch line and was ejected over the handle bars. He suffered severe head injuries as a result of the crash. Flight for Life responded and transported him to Froedtert Hospital Milwaukee.

He was not wearing a helmet at the time of the accident. Alcohol and reckless driving appear to be factors in the crash.

The operator of the other moped was arrested on suspicion of operating under the influence.

Auburn Bike Crashes

On Saturday, August 30, 2008 at 12:08pm, a Wisconsin Natural Resource Warden contacted the Fond du Lac County Dispatch Center advising there were two separate motorcycle accidents with injuries on County Highway GGG and Forest Lake Road in the Town of Auburn. Deputies from the Fond du Lac County Sheriff's Office responded, along with Campbellsport Ambulance and Fire Department, to the crashes. The accidents were approximately .1 mile apart.

The first accident involved two northbound motorcycles that were negotiating a curve.

A 69 year-old Juneau man lost control of his motorcycle on loose gravel and was ejected from the motorcycle. A 49 year-old Juneau man who was traveling with first cyclist was unable to avoid striking first cycle. Both had minor injuries and refused medical treatment.

The second accident involved a lone southbound motorcycle that was also negotiating a curve. A 43 year-old Michigan man lost control of his motorcycle on loose gravel and was ejected from the cycle. The driver was transported to St. Agnes Hospital by Campbellsport Ambulance with non life-

threatening injuries. The driver was wearing a helmet.

Neither speed nor alcohol were factors in either accident.

PROSTATE CANCER AWARENESS

One man in six will be diagnosed with prostate cancer during his lifetime. Prostate cancer is the second leading cause of male cancer deaths in the United States. 3,000 American deaths per year.

Who is at risk for Prostate Cancer?

- All Men Over the Age of 50 Years
- All Men Over the Age of 40 Years and have a family history of the disease
- All Men Over the Age of 40 Years and African-American

Warning Signs For Prostate Cancer

1. Difficulty with urination
 2. Frequent trips to the bathroom at night
 3. Pelvic discomfort
 4. Weight loss or persistent back pain
- Call Your Doctor For a Physical!!!

Prostate Cancer Early Detection Tools:

1. PSA Test - simple blood test that measures the level of a protein called Prostate-Specific Antigen.
2. DRE - Digital Rectal Exam

This ad was paid for by the Sandpiper Inn and the Ice Golfing Prostate Cancer Awareness. Benefit that was held on Feb. 9, 2008. Call 920-533-4471 for more info.

Sale of Dairyland Seed to Dow AgroSciences complete

KEWASKUM- One of the area's longest family-owned companies has been acquired by Indianapolis based Dow AgroSciences. Both companies announced the completion of the acquisition this week.

In addition to Dairyland Seed, the acquisition includes Bio-Plant Research in Camp Point, Illinois, a business affiliated with Dairyland Seed with a primary focus on licensing of soybean, alfalfa and wheat germplasm. The addition of Dairyland Seed will build upon Dow AgroSciences' current seed business and will expand its broad range of product offerings.

"Dairyland Seed has a product portfolio and brand that strengthens our corn, soybean, and alfalfa business in the U.S. and globally," said Jerome Peribere, president and CEO, Dow AgroSciences. "Furthermore, Dairyland Seed's investment in research and development complements our increased investment in developing industry leading proprietary plant breeding programs."

The agreement includes all crop genetics, brands, plant breeding programs in hybrid corn, soybeans and alfalfa as well as Dairyland's research, processing and production locations. Tom Strachota, current CEO of Dairyland Seed, will continue with the business and lead Dairyland Seed as Dow AgroSciences' general manager for the business. Chuck Simmons will continue to lead Bio-Plant Research Ltd. as its general manager. Dow AgroSciences will continue to independently market Dairyland Seed products under the Dairyland brand and will continue to be headquartered in Kewaskum.

"The seed industry has gone through some dramatic changes in the last 10 years. And while we've been highly successful, our family owners along with our board felt that in order to grow in the future

and best utilize our world-class genetics, we needed to align with a leading company in the area of biotechnology, marker-assisted breeding and other emerging technologies," noted Strachota. "Our goal was to find a partner who shared our values, our philosophies and our commitment to employees and we've found that with Dow AgroSciences."

Prior to the acquisition, Dairyland was the only family-run seed company in the 800-member American Seed Trade Association with plant breeding programs in hybrid corn, soybeans and alfalfa. Last year Dairyland Seed celebrated its 100th anniversary. From its beginnings as a country store, Dairyland Seed has evolved into an industry-leading seed company by the foundation put in place by Orville and Marie Strachota during the 60s and 70s.

In 1977, Dairyland Seed acquired its first research facility in Clinton, Wis. The company has annually invested 15 percent of its revenue dollars in research—about twice the industry average—to maintain industry leadership in genetic research and technology.

Dairyland Seed's research team has allowed the company to achieve many industry breakthroughs. In 1993, Dairyland was the world's first company to introduce herbicide-tolerant soybeans to the market, and after more than two decades of research and many other companies resigning their efforts, Dairyland released the world's first hybrid alfalfa in 2001.

This is another step in the Dow AgroSciences' strategy to build a world-class Plant Genetics and Biotechnology platform business. Dairyland is the fifth acquisition, including Agromen, MTI, Duo Maize, and Triumph Seed, in the last 12 months as Dow AgroSciences builds a global seeds platform. These will provide a strong regional presence for Dow AgroSciences to com-

mercialize its HERCULEX® Insect Protection traits, SmartStax®, and Dow Herbicide Tolerance (DHT) technologies for the benefit of corn and soybean growers.

"Going forward, Dairyland Seed customers will have additional access to industry-leading germplasm and technology for their Dairyland branded corn, soybean and alfalfa seed and increased access to superior traits like HERCULEX® Insect Protection traits, SmartStax®, Dow Herbicide Tolerance (DHT) technology and future technologies," said Peribere.

Dairyland Seed began its seed business in 1907 and has built an established dealer network throughout the Upper Midwest with international sales in more than 20 countries. Primary research locations are at Clinton, Wis; Gibson City, Ill.; Otterbein, Ind.; Gilbert, Iowa; and Sloughhouse, Calif. It has plant breeding programs in hybrid alfalfa, hybrid corn and soybeans.

Bio-Plant Research has been representing alfalfa, soybean and wheat genetics developed by world-renowned

plant breeding programs since its inception in 1986. Bio-Plant serves more than 200 seed company licensee customers.

Dow AgroSciences LLC, is a top-tier agricultural company that combines the power of science and technology with the "Human Element" to constantly improve what is essential to human progress.

Dow AgroSciences provides innovative technologies for crop protection, pest and vegetation management, seeds, traits, and agricultural biotechnology to serve the world's growing population. Global sales for Dow AgroSciences, a wholly owned subsidiary of The Dow Chemical Company, are \$3.8 billion.

Why Vote For Dan LeMahieu For State Assembly?

Here is why others are voting for Dan

"Dan has led the efforts in Madison to help counties with their ever increasing costs. Dan has also been a huge defender of the farm community. Dan has received the Friend of Agriculture Award all three terms in the Legislature and is a member of and has been endorsed by the Wisconsin Farm Bureau. The taxpayers will benefit if Dan is re-elected."

Dan Stoffel, Town of Kewaskum Farmer and County Supervisor

"We need Dan back in the State Assembly. He is one of the strongest conservative voices in the legislature. He has fought back tax increases, helped small businesses thrive and protected the lives of the unborn."

State Senator Glenn Grothman

"There is only one candidate in this race that is endorsed by both Pro Life Wisconsin and Wisconsin Right To Life. That is Dan LeMahieu. He has a 100% pro life voting record and will protect human life from the time of conception in all instances."

Ann Enright, Town of Farmington

"Dan LeMahieu has been a strong advocate for the farmers in the 59th Assembly District. Since being elected in 2002 he has worked hard to make sure Wisconsin is a profitable place to farm. As a small businessman he fully understands the challenges and opportunities that we farmers face."

Lloyd DeRuyter, Sheboygan County Beef Farmer & Wisconsin Farm Bureau Director

PLEASE VOTE TUESDAY, SEPTEMBER 9

PEOPLE

Vorpahls celebrate 16th reunion

Broecker - Arentz

The family of Ann C. Vorpahl and the late Ronald C. Vorpahl were in charge of this year's reunion. They are, left to right, Daniel F. Vorpahl, Dorothy Ann Esselman, Ann C. Vorpahl, Michael L. Vorpahl and Ronald A. Vorpahl. submitted photo

Allen and Kathy Broecker of Kewaskum proudly announce the engagement of their daughter, Vicki Ann, to Adam James Arentz, son of James and Carol Arentz of Grafton.

Vicki is a 2002 graduate of Kewaskum High School and graduated from Carroll College in 2006 with a bachelor of Science degree. She is presently working for Quad/Graphics as an administrative

traine.

Adam is a 1999 graduate of Grafton High School. He is an expeditor and cabinet maker for Michael Thomas Development in Cedarburg.

Adam proposed in November of 2007 after having dated Vicki for four years. The couple now lives in West Bend and are excitedly planning their wedding for this coming September, to be held at Cedar Beach Inn in Belgium.

The children of the late Dorothy Katherine (Theusch) Vorpahl - Diedrich and John Anthony Vorpahl, Sr. and their families celebrated their 16th annual family reunion on Sunday, July 27, 2008 at the Kewaskum Kiwanis Community Park with 87 people attending.

In charge of this year's reunion was the family of Ann C. Vorpahl and the late Ronald C. Vorpahl.

Dorothy Theusch was born in Milwaukee on November 15, 1904 and was the daughter of the late Theresa (Grassold) and Anton Theusch. Dorothy passed away on January 16,

1992.

John A. Vorpahl Sr., was born in the town of Farmington on December 14, 1896 and was the son of the late Wilhelmina (Plitzkow) and Louis Vorpahl Sr. John passed away on August 17, 1968.

Dorothy and John were united in marriage on February 18, 1924 at St. Michael's Catholic Church in St. Michaels.

Ten children were born to them: Dolores T. Kertscher (widow of the late Allen E. Kertscher), the late Frederick J. Vorpahl Sr. (the late Audrey), Dorothy I. (Floyd Buddenhagen Sr.), the late Anthony

J. Vorpahl (Louise), the late Adeline L. (the late Elmer Footland), the late Anthony J. Vorpahl Jr., who died in infancy, the late Ronald C. Vorpahl (Ann C.), the late Patricia H. Vorpal, who also died in infancy, Theresa Anne (Jerry Brockman), the late John H. Vorpahl Sr. (Teresa C.).

Dorothy and John were also the proud grandparents of 32 grandchildren.

Anyone looking for further information can contact family genealogist John Henry Vorpahl Jr. at 262-338-0000 or email john-henry02@sbcglobal.net.

In the Service

Christopher D. Roll has joined the United States Army under the Delayed Entry Program. The program gives young men and women the opportunity to delay entering active duty for up to one year.

The enlistment gives the new soldier the option to learn a new skill, travel and become eligible to receive as much as \$50,000 toward a college education. After completion of basic military training, soldiers receive advanced individual training in their career job specialty prior to being assigned to their first permanent duty station.

Roll, a 2008 graduate of West Bend High School, Wis., will report to Fort Sill, Lawton, Okla., for basic training in August 2008.

He is the son of Douglas and Peggy Roll of Moore Ave., West Bend.

Art Exhibit & Film complement series which begins Sept 17

Colorful Wisconsin Lecture Series at UWWC

WEST BEND - UW-Washington County (UW-WC) will present a Community Lecture Series for 2008/09, titled Colorful Wisconsin. Admission is free for the six evening lectures, which meet on Wednesday evenings in the fall and Tuesday evenings in the spring. The one hour lectures begin at 7pm in Room 228 and will explore Wisconsin's history, culture, people and traditions. The lecture series, which is growing in popularity, welcomes area adults as well as high school and college students to attend. No reservations are needed. A Wisconsin based film titled "The Godfather of Green Bay" shown in the campus theatre, will conclude the series in April.

The first lecture, scheduled for Wednesday, September 17 begins at 7pm in Room 228. Mark Denning of the Lac du Flambeau Tribe, will open the series with a presentation entitled, The Native American Influence on Wisconsin.

An art exhibit titled "Wisconsin in World War I" will complement the lecture series. On loan from Neville Public Museum in Green Bay, the exhibit will be on display in the campus art gallery from September 17 through October. It will feature a number of hands-on opportunities for visitors of all ages and helps explain why Wisconsin residents were seen as enemies of the United States during World War I. Trevor Jones, curator of the Neville Museum will present a lecture titled "The Traitor State" on October 15 to coincide with the art display.

The complete series - dates and discussions include:

Wed., September 17: Native American Influence on Wisconsin. Speaker: Mark Denning, Lac du Flambeau tribe

Wed., October 1: Milwaukee-ize! Social Democracy in the Early 20th Century. Speaker: Trevor Jones, Curator of History, Neville Public Museum, Green Bay

Wed., Nov. 5: Wisconsin Art: Fascinating Details from the Big Picture. Speaker: Graeme Reid, Assistant Director, Museum of Wisconsin Art

NOTE: This lecture meets at the Museum located at 300 S. Sixth Avenue, West Bend

Spring 2009 Lectures:
Tuesday, March 31: Wisconsin Writers Writing about Wisconsin. Speaker: Professor Kenneth Grant, UW-Baraboo, English Department

Wed., April 7: Cheese, Brats & Beyond (A Cook's Tour of Wisconsin Food & Folklore). Speaker: Terese Allen, Author of Wisconsin's Hometown Flavours

Wed., April 21: The Godfather of Green Bay. Wisconsin based film - shown in campus theatre

The purpose of the lecture series is to provide fundamental information and a better understanding of a topic, which is chosen each year by the UW-WC Lectures Committee. Members of the Lectures Committee for 2008/09 included Dr. Chris Hays (Anthropology), Dr. Chuck Rybak (English), Dr. Mike Mattek (English), Dr. Ro Cahill (Mathematics), Dan Anhalt (Continuing Education) and Sue

Bausch (University Relations).

Information about the Lecture Series is also available on the campus website at www.washington.uwc.edu. All lectures (with the exception of the Nov. 5 lecture) will meet in Room 228, which is located on the second floor of the campus at 400 University Drive in West Bend. Use the main entrance and follow the directional signs to lecture hall. Free parking is available in the student lot.

Moraine Park to hold Adult Info Session Sept. 16

Adults and recent high school graduates who are interested in programs and services at Moraine Park Technical College are invited to attend an Adult Information Session at the Beaver Dam, Fond du Lac or West Bend campuses on Tuesday, Sept. 16, between 2:30 and 6 p.m.

Stop by and talk with Moraine Park staff about specific programs and services. Assistance will be available for beginning the admissions process and selecting fall classes.

Advance registration isn't required. More information about the Adult Information Session can be found at www.morainepark.edu under MPTC Presents on the home page, or call 1-800-472-4554, ext. 3201, or e-mail ewieren-ga@morainepark.edu.

COMMUNITY CALENDAR

Tot time at C-sport Library

The Tot Time preschool program at the Campbellsport Public Library will begin again on Wednesday, September 3 at 10:30 am. The program is held every Wednesday at 10:30 am throughout the school year. Children between the ages of 3 and 6 are invited to the Library to listen to stories, participate in story board activities, play games, create a craft or even have a treat. Special visitors are also occasionally invited to the preschool programs to talk to the children about their jobs or special interests.

The Tot Time programs in September will feature a transportation theme. On September 10th the children will talk about airplanes and everyone will have a chance to create their own airplanes. On Wednesday, September 17 the story hour program

will feature skaters and bikers from Midway Skatepark. They will talk to the kids about biking and skating safety and they will perform some tricks. The September 24th program will feature the top of trains.

This program is free and registration is not required. If you have any questions please call the Campbellsport Public Library at (920) 533 - 8534 or email director@campbell-sportlibrary.org.

The Library is located at 220 North Helena Street, Campbellsport WI 53010. The Library is open during the school year on Monday and Tuesday from noon until 8 pm, Wednesday from 10 am until 6 pm, Thursday from noon until 5 pm, Friday from 10 am until 5 pm and Saturday from 9 am until noon.

Meet the Resource Managers

The Kettle Moraine State Forest - Northern Unit's Evening with Nature Series begins another year with "Meet the Forest Managers of the Northern Unit." The program will be on Thursday, September 11, from 6:30 to 8:00 pm. It will be held at the Henry S. Reuss Ice Age Visitor Center, which is located off of Hwy 67, half mile west of Dundee.

The Kettle Moraine State Forest - Northern Unit along with all state forests throughout Wisconsin are certified for being managed in a sustainable manner. As part of this certification, the public is invited to learn the status of current and future projects in the Northern Unit. Resource managers will provide insights into the issues surrounding the multitude of recreational uses in the forest and the management of its resources.

Participants will have a chance to hear from Jason

Quast, Assistant Forest Superintendent, about the second phase of the bike trail project from Dundee to Long Lake Recreation Area, the control of invasive species throughout the forest and the status of the improvements for the New Prospect Horse Riders' Camp. Learn what's happening with wildlife management projects/issues from Dan Weidert, Wildlife Biologist. Forester Tim Beyer will provide an update on the forestry projects planned for the Northern Unit. An update on the status of endangered resources within the Northern Unit will be given by Owen Boyle, a Bureau of Endangered Resources Ecologist. Mark Sesing, Water Resource Management Specialist, will discuss the efforts of controlling aquatic invasive species on Long Lake. Jackie Scharfenberg, Forest Naturalist, will share the status of the forest education plan and plans for

new interpretative projects at Spruce Lake Bog and the Ice Age Visitor Center. Jerry Leiterman, Forest Superintendent, will moderate the session.

Besides the presentations by the forest staff and resource managers, there will be time for questions and comments from the audience. This is a great opportunity to learn about how the Northern Unit is being managed and to offer your opinions on how you feel the Northern Unit should be managed and what amenities should be offered.

For further information or directions to the Ice Age Visitor Center, contact the forest staff at the Ice Age Visitor Center. The staff can be reached at (920) 533-8322. The center is open Monday through Friday from 8:30 a.m. to 4:00 p.m., and on Saturday and Sunday from 9:30 a.m. to 5:00 p.m.

Community Events For

Sept. 6 - August 31

To be included in the Community Events, FREE OF CHARGE, please submit your event prior to our 3 pm Monday deadline, at our office at 240 Main Street, Kewaskum: e-mail - ckuehl@kewaskumstatesman.com or on the web www.kewaskumstatesman.com, PLEASE NOTE, businesses offering specials or events for profit are not accepted. Events are listed at the Editor's discretion.

Post Office to host Passport Fair

The Kewaskum Post Office is hosting a Passport Fair on September 6, 2008 from 11:00 a.m. to 1:00 p.m. in an effort to assist their customers who need a passport to travel. It will be by appointment only, so you must call (262) 626-2575 to sign up. The Kewaskum Post Office is located at 347 Main St in Kewaskum.

Guests of the event can either apply for passports or learn more about passports and international travel by speaking with one of the agents. If guests would like to apply for a passport, they need to bring some identification items. All must be originals, not photocopies.

Two identical passport photos of yourself. Passport photos are available at the event at a nominal cost. Passport photos are also available at various outlets.

A valid photo ID of yourself. Acceptable IDs include: state driver's license, government photo ID, state-issued photo ID, or an old passport. The ID cannot be expired.

Proof of citizenship. An original or certified birth certificate with an official seal, or original naturalization papers. If you have lost your birth certificate, replacements are usually available through the state that issued the original certificate. Hospital birth certificates are not acceptable.

Funds. An adult passport (16 and older) costs \$100 (\$75 + \$25) in fees. Fees must be paid before the application is accepted. The cost for minors (15 and below) is \$85 (\$60 + \$25). Personal checks or mon-

ey orders are necessary for the State Department fee (no credit cards).

Minors obtaining passports. Minors under 15 must be present with both parents and must bring original birth certificates. Minors under 15 may need special permission for international travel. Visit the State Department website at www.travel.state.gov for full details.

Postmaster Monica Lepak is looking forward to meeting local residents at the event. "Our passport fair is an opportunity for travelers to plan ahead so they don't worry

about receiving their passports before their departure date. Currently it could take up to 6 or 8 weeks for processing before you will receive your passport. This event is also a great chance for us to share a cup of coffee with our guests and meet the public," she said.

Passport Fairs are an effort to head off an unusually high demand for passports anticipated in 2008 and 2009. For the most current passport travel requirements, visit www.travel.state.gov and click on the Passport link.

Change in hours at C-sport library

Starting September 2, 2008 the Campbellsport Public Library will once again revert back to their fall, winter and spring hours of operation in order to better accommodate students and others who have busy week day schedules.

From Labor Day weekend to Memorial Day weekend, Library will be open Monday and Tuesdays from noon till 8 pm, Wednesdays from 10 to 6 pm,

Thursdays from noon till 5 pm, Fridays from 10 till 5 pm and Saturdays from 9 till noon.

If you have questions call the Library at (920) 533-8534, or stop in at 220 Helena Street. The Library is open in the summer on Mondays and Tuesdays from noon till 8 pm, Wednesdays and Thursdays from 10 to 6 pm and Fridays from 10 to 5 pm.

KES welcomes record number back to school

KES kindergarten teacher Megan Grisolono is assisted with passing our name tags by Sydney Damrow. KES had so many kindergartners this year, an additional classroom needed to be created.

KEWASKUM- Kewaskum Elementary School Principal Tom Fischer made it through his first year as principal and is happy school is underway. The biggest changes at KES is the addition of a kindergarten class and starting a Student Government organization.

By mid-August Fischer stated they saw 77 kindergarten students registered which brought classroom averages to 26 per classroom. He explained to bring those ratios down to a more manageable classroom a fourth teacher was added.

After hiring Jennifer Marx, classroom average is now at 19. The additional classroom was created in the first grade pod.

"We needed to buy a whole new classroom for her. It's been challenging, she is there, she has all she needs," Fischer stated.

While the school is no where near capacity Fischer boasted that KES is approaching 500 kids.

Fischer explained that the four-year-old kindergarten numbers are at normal rates, this alerted us to this time.

KES received a number of new teachers. Filling the shoes of recently retired Cheryl Ammel is Heather Collien.

Louise Rodgers is the new Title 1 reading teacher. KES receives the Title 1 reading teacher, because KES is classified by the Federal Government as a Title one school.

Title one schools are determined by the number of discounted lunches the school serves to impoverished families.

A Title 1 reading teacher works with students in and outside the classroom in small group formats working on basic reading skills, and English as a second language students. Help is given before and after school for students needing extra help. Once a school is designated Title 1 the government mandates this is provided for students. Focus on math with Title 1 funds is performed as well.

Reading will be the focus of teachers this year. This is a district wide initiative and KES will follow this by having small group guided reading during sustained silent reading time.

Classroom meetings will be continued, this is similar to the advisements in the middle/high school.

KES has some had a few open offices, with the district offices moving, Technology Director Jane Lazarevic, Psychologist, Sarah Phillips along with the Special Education department have all moved

out of KES.

This has provided an additional conference room in the main office. Laurie Beimborn who handled volunteer coordination moved into the special education office outside the main office and now handles volunteers for the whole district in addition to overseeing the growing Boys & Girls Club.

In it's second year, The Boys and Girls Club have over 100 people in the program, they handle supervision of students during the Wednesday early release for the district and are open after school, five days a week.

The Boys and Girls Club is open to all kids in the school district but transportation is not offered for students not at KES. Addition information can be obtained by calling the school at 626-8427.

OBITUARIES

LEWIS H. 'BUD' SCHMIDT

Lewis H. "Bud" Schmidt, 74, of Kewaskum, passed away on Thursday, August 28, 2008, at Hospice Home of Hope in Fond du Lac.

He was born on October 28, 1933, in West Bend, the son of the late Louis and Gertrude (Blau) Schmidt. Bud was a 1951 graduate of West Bend High School and served his country in the U.S. Army for two years.

He married Evelyn Spartz on November 26, 1953 in Washington and together they raised six children. Bud was retired from A.O. Smith Company in Milwaukee where he worked as a tool and dye maker. He was the owner and operator of Schmidt Acres and provided horse drawn hayrides. Bud participated in the Circus World Museum parades in Milwaukee for many years with his horses.

On June 8, 2002, Bud was united in marriage to Karen Moersch in Potosi. The couple made their home in Potosi for three years before returning to the Kewaskum area. Bud will fondly be remembered for his love of horses and farming.

Survivors include his wife, Karen; six children, Dean Schmidt of Campbellsport, W. Dan (Lisa) Schmidt of Oshkosh, Dawn McEwen of West Bend, Denise (Tom) Grudzielanek of Sheboygan, Darcell (Gilbert) Salm of Campbellsport and Deborah (Kevin) Rodenkirch of Kewaskum; five step-children, Chris (John) Harris of Kiel, Gary (Cindy) Liefkring of Lomira, Tim Liefkring of Watertown, Kate (Troy) Holzmann of Plymouth and Dan (Lisa) Liefkring of West Bend; a nephew, John "Jack" (Jean) Rieke of Kewaskum; a niece, Donna (Brian) Dowling of Oconomowoc; 17 grandchildren, a great-granddaughter; 14 step-grandchildren and three step-great-grandchildren, other relatives and friends.

Bud was preceded in death by a sister, Valeria Rieke and a daughter-in-law, Laura Schmidt.

Cremation took place. Graveside services, with military rites, were held at 2:00 p.m. on Monday, September 1, 2008, at St. Matthias Catholic Cemetery in the town of Auburn.

The Miller Funeral Home in Kewaskum has been en-

trusted with Bud's arrangements. Additional information and guest book may be found at www.millermartinfh.com.

JOYCE E. KEMPF

Joyce E. Kempf, 81, of West Bend, passed away on Wednesday, August 27, 2008, at Kathy Hospice in the town of Polk.

She was born on August 9, 1927, in West Bend, the daughter of the late Paul and Anita (Dreher) Dean, and on August 31, 1946, she was united in marriage to Henry Kempf at St. John Lutheran Church in New Fane.

Joyce was a charter member of Pilgrim Lutheran Church in West Bend.

Those Joyce leaves behind include her loving husband, Henry; five children, Diane (Robert) Swanson of West Bend, Sandra (Dr. Mark) Knutson of Dousman, Donna Roos of Fond du Lac, Terry (Sue) Kempf of Evansville and Christine (Glen) Soehrmann of Hubertus; a brother, Paul (Joan) Dean of Kewaskum; two sisters-in-law, Rosie Dean of North Fond du Lac and Karen (Dale) Bell of West Bend; 11 grandchildren; eight great-grandchildren; other relatives and friends.

In addition to her parents, Joyce was preceded in death by a son, Richard and two brothers, Lloyd and Tom Dean.

Funeral services for Joyce were held at 1:30 p.m. on Saturday, August 30, 2008, at Pilgrim Lutheran Church in West Bend. Rev. Joseph Fisher and Rev. Christopher Raffa officiated and burial followed in Washington County Memorial Park in West Bend.

Relatives and friends called on Saturday at the church from 11:00 a.m. until the time of services. *Joyce's family extends their heartfelt thanks to the staff at Kathy Hospice for the care provided to Joyce.*

The Miller Funeral Home in Kewaskum has been entrusted Joyce's arrangements. Additional information and guest book may be found at

www.millermartinfh.com.

DONALD W. NARGES

Donald W. Narges, 89, of Campbellsport passed away on Friday Aug. 29, 2008 at St. Agnes Hospital in Fond du Lac.

He was born on Dec. 18, 1918 in Fond du Lac, the son of the late Charles and Marie Jandre Narges.

Don was a graduate of Winnebago Lutheran Academy.

On June 25, 1941 he married Helen M. Blumer at Trinity Ev. Lutheran Church in Dundee.

Don served in the U.S. Navy during WW II stationed on the U.S. Jesse Owens in the Pacific. He drove milk truck for a number of years, then started Waucousta Dairy Equipment and then operated Narges Products in Dundee until retiring.

Don had a passion for flying which he did all his adult life and he was a member of the Flying Farmers.

He was also a member of Trinity Ev. Lutheran Church in Dundee, the McFarland American Legion Post #0534 and also served on the Church Board at Immanuel Ev. Lutheran Church as treasurer in Campbellsport.

Survivors include his daughter, Sandra (Dennis) Malenke of Campbellsport; his son, Charles (Mary) Narges of Campbellsport; his grandchildren, Brent (Sarah) Narges, Christy (Mark) Madigan, Tasha (Joseph) Wall, Tania (Marcus) Mumm, Talia (Chad) Bloedel and Dion Malenke; his great-grandchildren, Andrew, Madeline, Luran, Cormack, Cyna, Tierney, Eli, Cole and Katia; his step-grandchildren, Gina (Brian) Schneider and Rocco (Michelle) Marchionda; his step-great-grandchildren, Sophia, Griffin, Owen and Nadia; his brother, Howard "Sam" (Phyllis) Narges of Waucousta; his sisters-in-law and brothers-in-law, Jennie and Andrew Justman of Wau-paca, Virginia Leick of Watertown and Dixie and Kenneth Neldner of Kewaskum; nieces; nephews; other relatives and

friends.

Don was preceded in death by his wife, Helen, on Dec. 16, 2004; a sister, Shirley Justman and a brother, Harold Narges.

Funeral services were held on Tuesday Sept. 2, 2008 at 1:30 p.m. at Trinity Ev. Lutheran Church in Dundee. Rev. Richard Schlieve officiated and burial followed in Ledgeview Memorial Park in Fond du Lac.

Visitation was Tuesday from 11:00 a.m. until time of service at the church.

In lieu of flowers memorials may be directed to Waucousta Lutheran Grade School or Winnebago Lutheran Academy.

Twohig Funeral Home Campbellsport served the family.

PATRICIA ANN HAMERNIK

Patricia Ann Hamernik (nee Grzechowiak) of Fredonia passed away on Saturday, August 30th, 2008 at St. Nicholas Hospital in Sheboygan, at 77 years of age.

She was born to the late Edward and Valeria Grzechowiak in Milwaukee, WI on May 19th, 1931.

Patricia is survived by her loving husband Robert; her four adoring children, Susan (Jerry) Kertscher, Sandy (Scott) Waranius, Sharon (Kim) Weinreich and Shelley (Michael) Zimdahl. She is further survived by 13 grandchildren; three great-grandchildren; one brother, Nor-

bert (Theresa) Grzechowiak and many other relatives and friends.

Pat was preceded in death by her parents and her brother, Kenneth Grzechowiak.

A Mass of Christian Burial will take place on Friday, September 5th, 2008 at 12:00 noon at St. Michael's Catholic Church, Kewaskum, with Father Robert J. Artmann officiating.

Friends and family may visit from 10:00 am until the time of service at 12:00 noon at church only.

Burial to follow at St. Michael's Cemetery.

In lieu of flowers memorials are appreciated.

The Phillip Funeral Home of West Bend is assisting the family.

The Bookworm Sez

by Terri Schlichenmeyer

The Book of Lies

By Brad Meltzer

Grand Central Publishing \$25.99 352 pages

How much did comic books cost when you were a kid?

Remember the smell of comic book paper, and the "win this bike" ad on the back? Begging for the latest Archie or Spiderman issue, promising to share with your younger siblings but secretly intending to hoard it for yourself? I'll bet you even remember how much coin (and it really was coin then) you had to shell out for an afternoon of entertainment.

In the new novel "The Book of Lies" by Brad Meltzer, a rare and nearly-unknown comic book is so priceless that the cost to have it may be death.

When he was nine years old, Calvin Harper watched as his father pushed Cal's mother to her death. Lloyd Harper went to the penitentiary for murder then disappeared upon release, never bothering to look for his son. Cal, once a disgrace to the FBI and now working with the indigent, never forgot or forgave his father.

So when the well-dressed "homeless" man with the stomach wound gasps the name of Lloyd Harper, Cal recognizes his father and is angry. He hadn't seen Lloyd in nineteen years and now Lloyd is in Cal's work territory, bleeding and - Cal is sure - lying.

Lloyd says he doesn't know who hired him to run a load of shrimp to Cleveland, and he has no idea who shot him or why. Cal doesn't believe him, and goes digging.

But amidst the mess of melting shrimp, there it was, the reason Lloyd was involved: at the bottom of an occupied coffin lay a hand-drawn Superman comic book. Cal knows that there's more to these funnies than a mere tie to the boy who created the Man of Steel. Reluctantly allowing his father to help and with his life in danger, Cal decides to follow the clues that make no sense but are obviously important to somebody.

Ellis Belasco knows that Lloyd Harper has the map that will lead to the Book. If Ellis can get his hands on it, he will fulfill the destiny started by his great-grandfather. The Prophet is helping Ellis, and the Judge has paid good money to recover what Ellis knows Lloyd Harper has.

And if people have to die because of it, well...

Loosely based around truth, "The Book of Lies" is one of those novels that somewhat defies description but here goes: it's part mystery, part conspiracy, part Da Vinci Code, plenty of pop culture, your obligatory Nazis, and some history mixed with thriller.

Author Brad Meltzer admits in his author's notes that he gently stretched real, true facts to make this novel. Since the first third of the book is

awash in confusion, understanding that is good. It makes you want to stick with the story. By the time the paper fog clears, though, you won't be disappointed that you did.

If you consume novels faster than a speeding bullet or if you'd happily leap over tall bookcases for a great read, you'll love this one. "The Book of Lies" is pretty super.

DAYS GONE BY

25 Years Ago

August 5, 1983

The State Fire Marshal's Office, in conjunction with the Fond du Lac County Sheriff's Department, is investigating a suspicious fire on the Wilmer and Robert Felten farm, 724 Mill Rd., Kewaskum. The Kewaskum Fire Department received the call at 9:45 pm on Monday and remained on the scene until 2:46 am Tuesday morning. They were aided by the Boltonville, Batavia, Beechwood, Fillmore and Campbellsport fire departments. Lost in the fire was a 60 by 100 foot metal shed containing several tractors, a round baler, kick baler, two wagons of hay and the Felten's workshop with all its equipment and tools. Kewaskum Fire Chief Augie Bilgo said the damage estimate is expected to be in excess of \$200,000. Less than a year ago, the Felten farm was hit by fire. In the October, 1982 blaze, the family lost a new 108 x 60 foot pole shed, a new tractor and brand new manure spreader. Monday night's fire was the sixth farm fire to occur in the immediate area in the past ten years.

An ammonia spill which occurred at the Marigold Dairy plant last week, went unreported and undetected by local and Department of Natural Resources officials until dead fish began showing up in the Kewaskum area of the Milwaukee River. Large numbers of dead fish were found near the river area of Cty. Hwy. H and below the dam at River Hill Park here. The incident which killed almost 5,000 fish was under investigation by the DNR.

A silo on the Daniel Rodenkirch farm located at Hwys. 144 and 28, sustained extensive damage when it was struck by lightning early Thursday morning. Rodenkirch's three sons, Kevin, Bruce and Michael, were midway through their milking chores at about 6:40 am when the lightning struck. Bruce at

the time, was leaning against a stanchion removing a milker. As the lightning raced through the barn via the stanchions and pipelines, he received a jolt which threw him out into the aisle just as about 25 cows broke their chains and started running around in the barn. Bruce was able to get out of the way safely. Dan Rodenkirch said the silo would have to be taken down since the structure also received three cracks running almost the entire length, along with several steel re-enforcing rods being blown out of the concrete side near the silo's top.

Brenda Louise Serwe graduated July 21 from Northwest Schools in Portland, Oregon. Brenda is interested in applying her Airline Travel Career training working as an airline reservationist. Brenda is the daughter of Mr. and Mrs. Norbert Serwe of Kewaskum.

Tracey Schleif and Jim Schaub exchanged marriage vows during a 2 pm ceremony on June 4 at St. Lucas Lutheran Church, Kewaskum. Parents of the couple are Mr. and Mrs. Roger Schleif, Campbellsport, and Mr. and Mrs. Homer Schaub, Kewaskum.

Dianna Faul and David Panko, two employees of the Bar-N-Annex Tavern and Restaurant, on Hwy. GGG, at Forest Lake in rural Campbellsport, have become the new proprietors of the popular eating place.

The last place Kewaskum Indians were represented by only one player on the EW all-conference baseball team. Junior Jim Braun was one of three shortstops named to the first team by conference coaches.

On Sunday, July 17, the Kewaskum firemen's baseball team, under the management of Jeff "Tubby" Boden, took first place at the Bartavia firemen's baseball tournament, held in conjunction with the annual Bartavia firemen's picnic. Members of the team included Dave Zehren, Tom McElhatton, Kelly

Rauch, Jeff "Tubby" Boden, Jim Gaffke, Larry Williams, Mark Schaefer, Jim Schaub, Morrie Belger, Mark Herriges and Dennis Anderson.

A daughter, Bridget Rose, was born to David and Mary Beck, Allenton, on July 28. Daughters were also born to Rich and Rose Reindl, Kewaskum, on July 26, and to Richard and Donna Mae Scherrer, Campbellsport, July 29. A son, Mark Robert, was born to Robert and Eileen Kuether, Manitowoc, on July 28. Mrs. Kuether is the former Eileen Thull of Kewaskum. A son, Michael Joseph, was born to Thomas and Gina Mueller, Campbellsport, on July 26.

50 Years Ago

August 1, 1958

A large barn on the Ray Maedke farm, Route 2, Kewaskum, near Kohlsville, was leveled by fire last Friday night. Crops and farm machinery were also destroyed in the blaze with an estimated loss of \$25,000. Lost in the fire, along with the barn were a threshing machine, baler, chopper and many other farm machinery items in addition to 400 bushels of oats and 25 tons of hay. A small hog barn was also destroyed and two silos were badly damaged from the intense heat.

Two students from Kewaskum visited the University of Wisconsin campus recently to register for UW studies to be started with the opening of the university's school year in September. The Kewaskum students are Gwendolyn Edwards, daughter of Dr. and Mrs. R.G. Edwards, and Sandy Gruhle, daughter of Mr. and Mrs. Willard Gruhle.

A son was born to Mr. and Mrs. Robert Renner, Campbellsport, on July 26. Mrs. Renner is the former Rita Rohlinger of Kewaskum.

75 Years Ago

August 4, 1933

Roman Smith and Clarence Kudek last week Thursday morning suffered severe injuries when a ladder broke and a scaffold fell from a large barn in the town of Wayne. The two men were assisting in re-roofing a barn. A third man, Leander Schmidt, who was on the scaffold with Mr. Kudek fortunately grabbed the eaves on the barn when the scaffold gave way and crawled with his hands to another ladder about 15 feet distance. He escaped injury. Both of the injured men were rushed to St. Joseph Hospital in West Bend, for medical attention. Mr. Smith was the most seriously injured. He suffered a badly fractured heel and foot. The severe crushing and splinting of the bone makes the injury most painful and will be very crippling to Mr. Smith for several months. He was on the ladder about six feet high when it broke. Clarence Kudek received severe contusions of the back and shoulder, breaking the left shoulder blade, left wrist and a small bone in the back. His injuries will require better than six weeks to heal. Mr. Kudek was on the scaffold about 15 feet high when it collapsed.

Albert Wesenberg had a narrow escape from meeting with a fatal accident last Saturday while unloading hay in his barn with a harpoon hay fork. He was in the act of pulling down the fork from the track when suddenly the rope broke and the fork dropped, one of the points striking his hip and cutting a deep gash in the side of his leg. Mr. Wesenberg noticed the rope break and dodged, thereby escaping from being instantly killed.

The straw stack on Charles Miritz Jr.'s farm caught fire in some mysterious way last week Thursday afternoon and was destroyed. The stack stood close to the barn and it was by hard work that Mr. Miritz and his neighbors managed to save the barn from also being destroyed.

William Leissring, the optician from Milwaukee, will make his regular visit here at the Eagle Hotel on July 8. You can have your eyes examined free of charge. This is his ninth visit to Kewaskum.

Nic Rimmel was over to Kohlsville last Sunday to witness the testing of the new fire pump which Mr. Rimmel furnished the village.

Wenzel Zwaschka took possession of the John Andrae saloon Wednesday which he bought of Backhaus and Beisbier some time ago.

Sons were born to Mr. and Mrs. Christ. Wiskirchen of St. Michaels last week Wednesday and to Mr. and Mrs. Charles Trapp of Beechwood on Monday.

100 Years Ago

July 4, 1908

The residence on the Mrs. Chris Volz farm near St. Matthias Church in the Town of Auburn, occupied by her son, Nic Volz and family, was destroyed by fire last Sunday noon. The family had just returned from church and started a fire in the kitchen stove when a few moments later fire was discovered in the attic which spread so rapidly that nothing but a small amount of furniture was saved. The fire was probably caused by a defective chimney.

NOTICES

NOTICE OF PARTISAN PRIMARY & SAMPLE BALLOTS SEPTEMBER 9, 2008

OFFICE OF THE WASHINGTON COUNTY CLERK
TO THE ELECTORS OF
WASHINGTON COUNTY:

Notice is hereby given of a partisan primary to be held in Washington County, on the 9th day of September, 2008, at which the nominees for the offices named below shall be chosen. The names of the candidates for each office, whose nominations have been certified to or filed in this office, are given under the title of the office under the appropriate party or other designation, each in its proper column, together with the questions submitted to a vote, if any, in the sample ballots below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the partisan primary, the elector may select the party of his or her choice or the ballot containing the names of independent candidates for legislative office.

Where optical scan voting is used, the elector shall fill in the oval next to the party of his or her choice. The elector shall then fill in the oval next to the candidates' names for whom he or she intends to vote under the party of his or her choice. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided for a write-in vote, and fill in the oval on the write-in line. Write-in votes are not permitted on the Independent ballot. On referendum questions, the elector shall fill in the oval next to "yes" if in favor of the question, or the elector shall fill in the oval next to "no" if opposed to the question.

Where touch screen voting systems are used, the elector shall depress the button next to the party of his or her choice. The elector shall then depress the button next to the candidates' names for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall type in the name of the person of his or her choice in the space provided for a write-in vote. On referendum questions, the elector shall depress the button next to "yes" if in favor of the question, or the elector shall depress the button next to "no" if opposed to the question.

In order to qualify for participation in the Wisconsin Election Campaign Fund, a candidate for legislative office must receive at least 6% of the votes cast on all bal-

lots for the office for which he or she is a candidate, in addition to other requirements.

The vote should not be cast in any other manner. Not more than five minutes' time shall be allowed inside a voting booth. Sample ballots or other materials to assist the elector in marking his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

If an elector spoils an optical scan ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to an election official, who shall issue a proper ballot in its place. After casting his or her vote, the elector shall leave the voting booth, properly deposit the ballot, and promptly leave the polling place.

The elector may spoil a touch screen ballot at the voting station, but not more than three ballots shall be issued to any one elector. After an official touch screen

ballot is marked, the elector shall promptly leave the polling place.

After an official optical scan ballot is marked, it shall be inserted in the security sleeve so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device and discard the sleeve, or deliver the ballot to an inspector for deposit.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

The following is a sample of the official ballots:

BRENDA J. JASZEWSKI,
WASHINGTON COUNTY CLERK
WNAXLP

Chewy Peanut Butter Oatmeal Cookies

- 1/4 cup Smart Balance OmegaTM Peanut Butter
 - 2 tablespoons plus 2 teaspoons Smart Balance[®] Butter Blend Stick, softened
 - 1/3 cup packed dark brown sugar
 - 1/3 cup pourable sugar substitute, such as Splenda[®] sweetener
 - 1 egg
 - 3/4 teaspoon vanilla
 - 1/3 cup whole wheat flour
 - 1/2 teaspoon baking soda
 - 1/2 teaspoon ground cinnamon
 - 1/8 teaspoon salt
 - 1 1/2 cups quick-cooking oatmeal
 - 1/2 cup dried cherries or cranberries
1. Preheat oven to 400 degrees.
 2. Combine the Smart Balance OmegaTM Peanut Butter, Smart Balance[®] Butter Blend Stick, brown sugar and sugar substitute in a large mixing bowl. Using an electric mixer on high setting, beat until well blended and creamy.
 3. Beat in the egg and vanilla. Gradually add the flour, baking soda, cinnamon and salt. Reduce to low speed, add the oats and cherries and beat until just blended. (Note: The batter will be very stiff.)
 4. Using a measuring teaspoon, spoon rounded teaspoons of the batter onto cookie sheets coated with Smart Balance[®] Cooking Spray and bake 3 minutes. Do not cook longer. They will be slightly puffed and a very light golden color on the bottom. (Note: They will not appear to be done at this point, but will continue to bake while cooling.)
 5. Remove from oven and immediately place on cooling racks to cool completely. Repeat with remaining batter. Alternate cookie sheets while baking, using a cooled sheet for even baking.

Makes 40 cookies total
Serves 20; 2 cookies per serving

Indians victorious in season opener

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

The Kewaskum High School football team extended their shut out streak to three games against West Bend East as the Indians won their season opener, 21-0, Friday night.

"Any time you can throw up a goose egg, that's a good thing," Indians head coach Jason Piittmann said. "It's a goal (to shut teams out), but it's not something we talk about. A lot of things can happen. A guy could fall and all of the sudden the shut out is gone."

Piittmann continued, "The big thing is, we came out and got a good win. Any win is a good win and we got a good win to start the season."

West Bend East got a heavy dose of the Indians' running attack. The Indians rushed 53 times for 211 yards and three touchdowns on the night. That is almost four yards per carry.

Jordan Petrin led all rushers with 85 yards off of 18 carries. Quarterback Nick Olla ran the ball 17 times for 51 yards, with a pair of one-yard touchdowns and Cody Seibel had seven carries for 51 yards.

"I was telling Jordan Petrin in the fourth quarter, it gives us depth," Piittmann said about the team's depth at the running back position. "We can pound one tailback and come with another. Defenses get beat on that."

The Indians could not have scripted a better opening drive to the season. The Indians surgically moved down the field on a 14 play 70-yard drive that was capped off with an Olla one-yard option keeper for the score.

The Suns got a heavy dose of Petrin on this drive. The first play from scrimmage was a Petrin 10-yard run for a first down. Petrin had two 14-yard rushes on this drive, one on a third and eight, which were the longest runs for the Indians for the game.

The Indians converted on three third down conversions during the drive.

Kicker Brian Backhaus' PAT attempt was missed wide right giving Kewaskum a 6-0 early lead.

West Bend East's spread formation offense was new to see for the Indians defense. "It was a little difficult, but we got the hang of it. We've been practicing all week (for the spread)," Seibel said.

East's first play from scrimmage was a quarterback Nick Makowski scramble for 22 yards, before he was pushed out of bounds. Three plays later, East would fumble the ball over to the Indians.

Turnovers were a big part in this game. Both teams fumbled twice and both quarterbacks threw an interception, but the Indians were the only one to get anything positive from the turnovers.

The Indians got a break midway in the third quarter. East punted the ball down

to the Indians 16-yard line. On second down, Olla threw across his body right to an East defender.

"Just terrible quarterbacking," Olla said of the interception. "Throwing across the body is a big no-no as a quarterback."

Fortunately, the Suns' running back, Mike Larkin, mishandled a hand-off and the Indian's Nathan Westerman jumped on it.

The start of the fourth quarter started with a fumble on a quarterback/center exchange with East recovering it. However, two plays later Larkin coughed it up again. This time the Indians recovered the ball on East's six-yard line.

It took Kewaskum all four downs to punch it in. Olla made a nice juke move cutting in front of an East defender for the one-yard score. Olla also converted on the two-point conversion, scrambling into the endzone. The Indians were up 14-0.

East's next position ended on downs. Kewaskum controlled the ball and the clock with an 11 play 49-yard drive to seal the win. Eric Turowski scored on a four-yard fullback dive for the score. All 11 plays were run plays. Backhaus made the PAT through the middle.

"I told the kids they can enjoy this win for 10 minutes, then we have to go back to work," Piittmann said.

Football Preview: West Bend West

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

The Indians try to make it two in a row and sweep the West Bend schools tomorrow when they travel to West Bend West.

Kewaskum head coach Jason Piittmann said scouting West has been especially difficult with the tape being of poor quality.

West was a winner in their season opener against Milwaukee South in a 41-14 blowout. Milwaukee South scored both of their scores in the fourth quarter.

West has been an option run team. Piittmann said last year they went away from the option from the wishbone formation to a double wing. This year, West added a shotgun and spread look to their option running attack.

"Dan Mueller at quarterback does a nice job running.

He fakes well, reads well most of the time and their line is bigger and stronger than a year ago," Piittmann said.

Kewaskum had a nice look at what the spread offense looks like to the defense, but Piittmann said West runs the ball differently than East did. West is a run first team.

Piittmann said West's defensive front-four are big guys and their linebackers flow to the ball quick. He said the film did not show much of their secondary.

"We definitely have our hands full," Piittmann said about the Indians offense against West defense.

West has a defensive end that flips to whatever the strong side is and Piittmann said he will try and mimic that player for his offense. Nick Olla will be giving the defense a good look as Piittmann said Olla runs the option well.

"Their consistency," Piittmann said West's best attri-

bute is. "They don't turn the ball much. They are going to get some positive yardage most plays."

Piittmann also is impressed with the overall size of West.

Piittmann said he has been studying the film to see whom their weakest players are to exploit and go after and what some of their tendencies are. The team has automatic packages, so they line up in a specific formation to take advantage of a numbers situation and get tackles for a loss.

Piittmann is not worried about heading out on the road. He said as long as his players pack everything for the game the kids should be fine.

Last season, Kewaskum crushed West 35-0 in the Indians' home opener. Piittmann does not expect this year to be a lopsided win.

This game starts tomorrow at West Bend High School for a 7 p.m. kickoff.

PAT'S PERSPECTIVE

By: Pat Neumuth
Statesman Sports Editor

First impression

I got my first taste of Indians football and I was impressed with their season opening victory.

The Indians turned the ball over three times, but it was the first game. Turnovers and penalties happen the first game, especially for high school kids. Kewaskum may have turned it over, but they also scored 14 points after East turnovers. Now if was week five and they are still turning the ball over, they would have issues.

With what I saw Friday night, I can see the Indians getting their four-peat in the EWC.

Their defense was stellar Friday. It is hard to shut out a team and the Indians did it quite convincingly. The deepest East got into Indians territory was the 35-yard line.

The linebacking core of Eric Turowski, Joe Paulus and Cody Seibel will be force and the core of the defense. I plan to see some big hits from those boys.

I think the Indians offense will go as far as what quarterback Nick Olla will take them. We all know what happened last year. I don't want to mention it. It is over, that was last year. If anything, it has made Olla a better athlete. Not just physically, because the kid has worked to become a better quarterback and all-around athlete, but mentally.

Olla manages the game well. From what I saw in Friday's game and the scrimmage the previous week, if Kewaskum needed a first down, Olla got them one. If he has the year I'm thinking he will have, he will be playing on Saturday's on some sort of athletic scholarship.

But high school football is won running the football and Kewaskum has a good running game. The Indians have their form of thunder and lightning with running backs Seibel (thunder) and Jordan Petrin (lightning).

Petrin was the feature in the first half. He is the speed to the outside. But don't just think he's all speed. The kid likes to hit and be aggressive.

Seibel has the great size and defensive aggression that makes for a good running back. I thought he was the spark the offense needed for the second half. He said after the game he was mad about his game on defense, so he took it out on offense.

A good offense and running game is never done because of only one or two guys. The offensive line made for some nice holes. If they can control the line of scrimmage, it will be career years for Petrin and Seibel. Fullback Nathan Westerman did a great job as Petrin and Seibel's lead blocker and it needs to continue.

Kewaskum needs to sure up their defensive secondary. If teams are going to score on the Indians it will be on the big play. East had a 47-yard pass play last week and at the scrimmage Winnebago Lutheran scored on a 40-yard touchdown off play action.

One player Kewaskum can't afford to lose is Brain Backhaus. Backhaus is their most versatile player. He starts at tight end, outside linebacker and does the kicking and punting duties. I guess I have a bias for kicking and punting because I was a punter in college, but the field position game is so critical in football. Punting is that much more important in high school because if a team has an outstanding punter, they have to go that much farther to score. Not many teams can consistently have 15 play 80-yard drives.

Piittmann does an excellent job rotating his key guys for offense and defense. He has guys going both ways, but they are not in every play.

Seibel played the entire game on defense and split carries on offense and in the post-game interview he said: "I feel good."

Having your players play the entire game one way and split the other is the most efficient way to get productivity from the best players. It helps that the Indians are a deep team and they have good players out there at all times.

Their conditioning wore down East in the second half and look to see that more over the course of the year.

Girl's tennis team wins Chilton eight team invitational

The Kewaskum girl's tennis team won the Chilton eight team invitational on Friday.

Head coach Matt Fehlhaber said this is the first time they have won an invite tournament in countless years.

The Indians beat Shawno 28-25 for the gold medal. Fehlhaber said Shawno won last year's gold medal in a convincing matter.

Kewaskum medaled in six of seven flights and nine out of 10 girls on the team got a medal. The three doubles team took home a gold medal.

***Results

Flight 1 Singles

Champion Abby Stock, Shawano, silver medalist Brenna Van Maren, New London, bronze medalist Whitney Radder, Kiel consolation Nellie Baum Kewaskum.

Flight 2 Singles

champion Trish Blythin, Shawano, silver medalist Amanda Osswald, Kewaskum, bronze medalist Kari Schwartz, New London consolation Laura Mueller FDL Springs.

Flight 3 Singles

champion Tiffany Celmer, Shawano, silver medalist Krista Hildebrand, New London, bronze medalist Claire Hephner, Chilton, consolation Lexy Redig, FDL Springs.

champion Crystal Lepp & Liz Staeger, Kewaskum, silver medalist Michels & Schoenborn, FDL Springs, bronze medalist Gover & Walk, Osh. Lourdes, consolation Raquet & Engel, Kiel.

Flight 3 Doubles

champion Cassie Prom & Lauren Smith, Kewaskum, silver medalist Deitte & Adelmeyer, FDL Springs, bronze medalist Myers & Magee, Shawano, consolation Gutmiedl & Sorenson, New London.

KYB seeks youth coaches

Kewaskum Youth Basketball Inc. is looking for volunteer coaches for their upcoming basketball season. Kewaskum Youth Basketball (KYB) is a not-for-profit volunteer organization that has been working with Kewaskum school district youth teaching basic basketball skills and preparing them for team competition. KYB will be having a volunteer coach signup on Sept. 9 at 7 p.m. in the Hon-E-Kor country clubhouse. Coaches do not have to have prior coaching experience as various

KYB board members will train interested personnel.

The upcoming KYB competitive season is for all public and parochial Kewaskum school district students in grades four through six. Teams usually practice twice a week, with games on Saturdays. Season begins in Mid-November and ends in February. While the practices will begin in early November for the players, volunteer coaches will be required to attend several coaching clinics before the practices start for the

players. These coaching clinics will be coordinated and run by the Kewaskum Varsity Basketball coach's and their staffs. All of the basketball coaches within the school district, (parochial, public and volunteer) are encouraged to attend and participate. Dates and times for these clinics are to be announced at a future date by the KYB and the High School Varsity coaching staff.

For more information, please contact: Eric or Carey Flanders at (262) 626-8257.

Indians on wrong side of blow out

By Pat Neumuth

Statesman Sports Editor

patrick@kewaskumstatesman.com

The Kewaskum High School soccer team opened up the 2008 EWC regular against Kiel with a 9-0 lopsided loss.

Head coach Dennis Gutbrod said the defensive unit on the field had no communication, which led to Kiel getting breakaway chances at the goal.

"Total defensive break down," Gutbrod said. "They lose their focus. They don't work as a unit. They need to maintain their discipline as a unit."

Kiel got on the board at the 55-second mark and didn't let up. The first was off of a low cross that got into the middle. The Kiel forward trapped the cross, fake shot and tapped it off the post.

Goalie Nick Gutbrod played an outstanding game for giving up nine goals. He was often faced with one-on-one that he defended well. Gutbrod had seven saves on the game. He was also one of the only guys on the field communicating with the entire team.

Kiel was granted two penalty kicks that they both converted on. The first came early in the first half as their second goal. The other was in midway in the second at the 52:11 mark. Both shots were perfectly put in the lower corner of the goal.

Gutbrod said he would also like to see the team get more physical.

"The guys who don't play this game, don't understand how physical they can get," Gutbrod said. "It's not like basketball where you get five fouls and you're out of the game. You can have 100 fouls. It doesn't matter. I don't mean unsportsmanlike, but being aggressive."

Gutbrod said Caleb Olla, Brad Conroy and Nick Wendelborn were the only ones aggressive on the field.

The team has not understood that sometimes going backwards helps the team go forward on the field Gutbrod said. The team has five starters on this year's team that has not played high school soccer at all.

You have to be patient. You have to play the ball and let the defense react," Gutbrod said. "You got to play at angles, move up 10 feet at a time, instead of trying to move up the field in 10 seconds. It's a hard thing to learn."

"I need to get them to understand, the longer we have the ball, one the less time they have the ball and the better chance we have to score."

Kewaskum's offense was not completely nonexistent. Kewaskum had six corner kicks. Nate Wendelborn also had two free kicks just outside the box, but could not put the ball on net.

The Indians back in EWC action at home today at 4:30 p.m. against New Holstein.

You can't get much better than the best and Indian's football has been the best in the Eastern Wisconsin Conference (EWC) for the past three years. This is why quarterback Nick Olla said defending the EWC championship is the team's main goal.

"Obviously the first goal is to win conference and then get as far as we can in the playoffs," Olla said. "We all know what happened last year and we all want to get past that stage, but we are not looking too far ahead."

Head coach Jason Piittmann said the key to getting to the top of the EWC is the experience of a number of kids last

year.

"Some guys maybe didn't get as much playing time as they would have, but we had some pretty darn good kids ahead of them," Piittmann said. "Overall, they are ready for this year, ready for their opportunity to step forward and be the leaders of this team."

The mental aspect of the game is as important as the physical side and Piittmann said there are a lot of guys with a high IQ in football knowledge. This allows Piittmann to make in-game adjustments and the kids know the packages well enough to adapt.

The main focus will be on the returning quarterback

2008 Kewaskum Indians freshmen football team. First (front) row, left to right: Kenny Gigstead, Lance Pinchard, Tyler Hetebrueg, Nolan Bocher, Jared Luedtke and Derrick Herriges. Second row: Austin Goeman, Taylor Toth, Mack Donath, Dan Bohn, Sam Olla, Eric Perkins, Travis Averill and Tyler Craig. Third row: Tony Gonring, Joey Wollner, Coach Kyle Darmody, Coach Tim Rohlinger, Coach Ryan Herman, Michael Bier and Matt Martin. Fourth row: Joey Herriges, Dylan Tackes, Dan Schuette, Garrett Yahr, Kyle Boehlen and Colten Gruber. Fifth row: Brad Bottleman, Josh Farland, Mark Miller, Eric Schulz, Brad Boegel, Andy Doll and Trent Ellis.

Varsity football

(Continued from page 2)

Olla. He passed for 1,105 yards and 14 touchdowns and ran for another 797 yards with seven more touchdowns.

Olla has plenty of new faces on the offensive side of the ball, mainly the offensive line and wide receivers.

"It's gotten better every week," Olla said of the new starters. "The first week it was like, these are new faces and you don't know what to expect. Then, week by week you get more comfortable and more trust is built between all of them."

Zach Amerling is the lead returning receiver with three catches last year. The Indians graduated last year's top receivers John Holt and Matt Donath who combined for 49 catches. Olla has big targets to throw to in tight ends Eric Shaske, 6-foot-4, and Michael Herriges, 6-foot-3.

The running game lost last season's top rusher in Ben Boettcher, but they still have Jordan Petrin, who split time with Boettcher. Petrin ran for 785 yards off of 150 carries and had a team-high 15 touchdowns. Petrin is expected to get the brunt of the carries, but Cody Seibel will get some time in the backfield. Seibel's pounding will compliment Petrin's ability to get outside with his quickness.

The heart of the defense is the returning linebackers. Seniors Joe Paulus, Eric Turowski and junior Seibel all had over 100 tackles last season. If there was a weakness in the defense, it would be in the secondary. There are a lot of kids practicing to get some playing time in the secondary. Holt was only player in the secondary with an interception last season and he had eight.

The team has changed some things during the first

week of camp.

"We always try and tweak things a little bit each year to try and play to the strengths of our personnel," said Piittmann. "So we've been doing that to both sides of the ball, but mainly to get the offense up to speed with the changes we made. It will take a while, to do that, but it's coming along pretty well."

Olla said the changes to the offense have made the game simpler.

"The play calls are shorter, which makes it easier for me, especially when people are running in the play. It's hard when there is a really long play," Olla said of the change of the terminology in the play-book. "Last year was more words, now for each word

there is a number."

Concerning this year's JV team, Piittmann said it's tough to see how well they will do. The JV team only has 17 sophomores. He said the JV's record would depend on if other schools bring up some sophomores to varsity or if they have juniors on JV. The strength of the JV team is team speed and quarterback Cody Nuernberg who throws the ball well.

Piittmann said their offensive line will be in shape, having to go both ways.

Piittmann likes the size of the freshman team he has out. He also said too early to evaluate the freshman.

This year's quest for a four-peat in the EWC will not come easy. Piittmann reported New Holstein lost some good play-

ers from last year, but will still be one to reckon with. Waupun had a good JV team last year to fill in for the seniors who graduated. Plymouth is sound fundamentally and will

be in the mix and Piittmann thinks Kiel will be a dark horse.

VOLLEYBALL TOP TIER TEAM IN EWC

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

Volleyball head coach Renee Altendorf has had success at Kewaskum High School as she enters her fourth year coaching. Her first two years on the sidelines resulted in conference championships, but this year she said the conference champion will have to be taken away from Waupun.

"We are definitely in the top four. It's usually us, Waupun, Plymouth and Sheboygan Falls," Altendorf said. "(Waupun) has two outsides and a setter that's phenomenal. Anyone has a chance for conference."

Altendorf said last year's senior class throughout the conference were all excellent players. She said it's pretty much a wash with every team losing key players.

The team returns four players for this year. Altendorf said one of the strengths this year is setter Erika Heberer. Senior co-captain Heberer is in her third year on varsity. Heberer is back at the setting position this year. Last year's setter graduated and Heberer has moved from hitter back to the setter position.

"She'll be the quarterback of the team," Altendorf said. "I think Erika will do a nice job of being able to get the girls motivated and push them and get them to pass the ball when she needs it and wants it."

Senior co-captain Brandi

Wagner will be a force at the outside hitter position. Altendorf said Wagner will be another captain that will push the girls.

"She wants to do everything that happened last year, plus more. See saw it last year and she will really push the girls to play at that level," Altendorf said of her captain.

The level Altendorf is referring to is the regional final loss last season to Kettle Moraine Lutheran.

Wagner said she has embraced her role as captain. She said she is privileged to have the role as captain with the majority of the team being juniors.

Elissa Miller will be the team's big player in the middle and Altendorf said she is the player their opponents will look to stop.

"She will be our weapon when we need it," Altendorf said.

The team returns all-conference libero Lauren Gonring in their backcourt. Altendorf said Gonring has a really good chance in repeating as an all-conference player.

Wagner said they have been working mostly on their plays in the few weeks of practice. She said Heberer's passes have been consistently where the hitters need the ball to be.

"Getting the ball down, covering and getting back the home base position," Wagner specifically said is what the team has been practicing.

Brandi Wagner

"Since most of the team is new this year, it's been a rough start, but has been getting gradually better and better everyday."

Altendorf attributed the slower start to a lack of team chemistry. She said it is always tough to start a season with not as many practices as she would like. Many of the players on the team haven't played much together as a team. She thinks the team chemistry will improve when school starts.

Altendorf said the JV team has improved a ton from last year. Joe Moser is in his first year as the JV coach.

"He has given us all new ideas," Altendorf said of the physical education teacher at Kewaskum Elementary. "Now to have new blood again every-

thing will change. I think the JV will really step it up towards the end of the season," she concluded.

This year's freshmen are tall and skillful players Altendorf said.

"I expect a lot out of both teams this year," Altendorf said.

The varsity has two underclassmen on the team. George Abfall is a sophomore and Kayla Bastian is a freshman. The rest of the team are upperclassman.

SOCCER TEAM LOOKS TO MOVE UP IN EWC

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

Soccer head coach Dennis Gutbrod realizes the tough task of competing with division one powerhouse Plymouth Panthers for the conference title, but that doesn't mean Kewaskum is out of it.

"Plymouth is always a power and I'm sure New Holstein is going to be good again," Gutbrod said of the outlook of the conference. "Then after that I think it's up for grabs."

The Indians took fifth in the EWC with a 4-10 record that Gutbrod expects to improve.

If the Indians expect to improve, it will be first team all-EWC goalkeeper Nick Gutbrod to lead the way.

"He can control the field from back there and we need that to continue," said Dennis Gutbrod. "I mean it really helps having someone back there who's in control."

Coach Gutbrod said to go along with the goalkeeper, the defense is the strength of the team. The team will mainly run a 4-4-2 defensive set. Gutbrod said he can tweak the defense with having a middle back drop back as a sweeper or have him mark up on opposing teams dominate player.

"I'm confident with the guys we have on our defense," Nick Gutbrod said. "I'll be comfortable in the back."

Dennis Gutbrod said center midfielder Nick Wendelborn has free reign on the field to score, but his first job is to get the team involved in possessions. Wendelborn is a natural forward, but Gutbrod

said unfortunately the team needed him at the midfielder position. Wendelborn was second team all-EWC last season and Gutbrod said he is the most improved player.

This season Gutbrod said the team might have troubles putting the ball in the net this year.

"We've lost most of our goal scoring from last year," Gutbrod said. "We don't have a dynamic guy who can go ahead and beat some guys."

Gutbrod said the guy who needs to step up and score goals is forward Ryan Gibson.

"He has to score goals, that's what we have been working on," Gutbrod said. "He's getting better, a little more dynamic, but what we need him to do is put his head on the ball in front of the goal."

Nick Gutbrod said the first week of practice the team has been working much of their time keeping position. The defense specifically has been trying to get better on switching the field quickly and effectively. The morning workouts have just been for conditioning and the afternoons have been mostly ball handling workouts.

"We will try and catch teams off guard, but it's kind of tough with the numbers we've got," Nick Gutbrod said.

Coach Gutbrod said the soccer program has never been able to have a freshman team and may not have enough for a JV team this season. Gutbrod said they have about five or six guys for JV as of now.

"I mean we've got some guys injured and a couple of

guys on the fence whether they are coming out," said Gutbrod. "Once school starts there are a couple of foreign exchange kids. We had some last year and then I'll twist some freshman's arms."

Even with what they lack in numbers, Gutbrod said this year's JV newcomers are more

talented than guys they are replacing.

Nick Gutbrod said this year's team may not be as fundamentally sound as last season, but with more athleticism the team will be better.

GOLF TEAM HAS TALENT BUT LACKS NUMBERS

Kewaskum High School's 2008 Girls Golf Team front, left to right: April Basterash, Danielle Donnelly, Beth Noenning and Sienna Warnicke. Back: Kate Winkler, Megan Gavin, Heather Zuehlke and Coach Amy Piwoni

* Statesman photo: Andrew Kuehl

By Judy Harlow
Statesman Correspondent

Coach Amy Piwoni has high hopes for a successful 2008 golf season at Kewaskum High School.

With four letter winners returning, Piwoni has the quality needed to compete in the Wisconsin Little Ten Conference — this is the only sport KHS is involved in outside the Eastern Wisconsin Conference — against all Division 1 schools. The trouble is there won't be much quantity this fall with only seven girls turning out for the sport.

"It happens every year," Piwoni, starting her third year as head coach, said, referring to the fact 13 girls initially signed up to participate, then only seven showed up for practice.

"We're probably not going to have a JV team," Piwoni, who is an insurance underwriter for West Bend Mutual Insurance, commented. Despite this fact, Piwoni fully expects good things from the girls who are out, starting with letter winners Beth Noennig, Danielle Donnelly, Kate Winkler and Heather Zuehlke.

Lost via graduation are Jordan Benike and Rachel Gavin, her Nos. 1 and 2 players.

Of the returnees, Donnelly, a junior, and Winkler, a sophomore, had the best averages in 2007. "Donnelly averaged about 57," Piwoni said, noting Winkler was between 56 and 57.

Under plenty of pressure in the sectional, which was held at the Mid-Valley Golf Club near Little Chute, Winkler finished the year with a 56-52-108, while Donnelly carded a 53 in the second round of the regional on the long Oakwood Course on the south side of Milwaukee.

Zuehlke, a sophomore, finished with an average in the high 50s, while Noennig was right at 60, according to the coach.

Soph Megan Gavin returns this fall, along with newcomers Sienna Warnicke (sophomore) and April Basterash (freshman).

And what was the highlight of the '07 season? "Our consistent play that allowed us to qualify for the sectional," Piwoni said, indicating her goal this season is to move up a couple

spots and "finish in the middle of the pack" of the WLT.

Defending champion Hartford lost several key starters, according to Piwoni, who said several other schools are having trouble with numbers.

The first WLT meet was held Aug. 25th at Beaver Dam. Kewaskum will host the conference teams at Hon-E-Kor CC on Thursday, Sept. 11.

EXPERIENCE RETURNS TO THE COURT

Kewaskum High School's 2008 Varsity Girls Tennis team front row, left to right: Stephanie Yahr, Amanda Osswald, Cassie Prom and Lauren Smith. Back row: Head Coach Matt Fehlhaber, Liz Staeger, Anna Gitter, Crystal Lepp, Nellie Baum and Kelsey Goetsch.

Statesman photo: Andrew Kuehl

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

This year's girls' tennis team has a lot of returning seniors. In fact, every doubles player from last year has returned. This is good news for the team that finished sixth in the conference last year.

"Our doubles are definitely strong this year," said tennis head coach Matt Fehlhaber. "We lost two really good seniors and they were singles, so we have to fill those spots. I think (the singles) will do okay, but I'm not looking forward to any huge wins."

"Since everyone was pretty much on varsity last year, everyone has experience at the varsity level," Kelsey Goetsch said.

Goetsch was part of the No. 1 doubles team with fellow senior Anna Gitter. Goetsch said they took fifth in conference last year and plan on doing better this year.

"We should do pretty good. There are some good teams, but I think we played a lot of seniors last year," Goetsch said.

Fehlhaber also expects big things from the No. 3 doubles team of seniors Cassie Prom and Lauren Smith. Senior Nellie Baum is the team's No. 1 singles and should have a good year.

Fehlhaber has put the girls through a lot of fundamental work at the start of practice.

Kewaskum High School's 2008 girls junior varsity tennis team front, left to right: Kate Evans, Arika Spaulding, Brooke Alexander, Rae Monte, Rachel Stoffel, Kaitlyn Demon, Samantha Johnson and Rachel Jensen. Middle row: Erica Steiner, Kendill Elliott, Riley Elliott, Karla Stoffel, Lindsey Weiss, Heather Schmitt, Desiri Jantz, Abbie Blecher, Megan Thornton and Savannah Rober. Coach Matt Fehlhaber, Heather McElhatton, Roxy Etta, Karissa Uelmen, Emily Bergeron, Rachael Gonia, Bailey Neelis, Valerie Paulus, Anna Bernhagen, Rachel Rieden and Jessie Beaupre.

Statesman photo: Andrew Kuehl

(Continued from page 11)

He said unfortunately some of the girls don't play much during the summer.

"Practice has been a refresher. We just try and retrieve the muscle memory back. There's just never enough time to practice for the fall sports. I wish we had another two weeks for practice," Fehlhaber added.

Goetsch said much of practice is working on forehands, backhands, overheads and serving. Fehlhaber does not want to start too early with the strategy. He said he usually starts working with the girls' strategy and shot placement the first week of September.

If Kewaskum wants to get on top of the conference, Fehlhaber said they will have to go through Kohler, Manitowoc Roncalli and Plymouth.

"Plymouth is just so solid, I don't know what it is, maybe the water up there," Fehlhaber joked.

A strength of the tennis program is the number of girls who come out for the team. Fehlhaber said he gets about 45 girls to come out for the varsity or JV team. Fehlhaber said some schools only get 10 girls and can't field a JV team.

"We have a ton of freshmen which is great. A lot of the girls heard how much fun it was last year and came out," Fehlhaber said about the JV team.

Fehlhaber did note with the mass amount of numbers the JV has, some of them have never played before. Many of the girls can not develop because they do not get match experience at the JV level.

Fehlhaber's goal for the team is to be in the top four in the EWC by season's end.

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

With Kewaskum being part of the Kettle Moraine, what better sport to join than cross-country to see some of the scenic area while practicing.

Head coach for the boy and girls Dave Drexler expects his upperclassmen to carry each team to success in the Eastern Wisconsin Conference (EWC).

Drexler said the boys' team has a strong nucleus of three seniors and one junior that will have successful seasons.

"We've got a good group of returnees," Drexler said of the boys' squad. "They're looking very good."

The boys' team is led by junior Zach Herriges. He was on the road to the state meet, until he was sidelined with a broken ankle three weeks before the meet last year.

"It's been pretty good. It feels real strong now," Herriges said about his ankle.

Seniors Matt Butzke, Jake Dickmann and Aaron Monte round out the experienced runners for the boys. Drexler said Herriges and the three seniors work well as a group.

Drexler has only one senior that has returned to the girls team. He said he hopes for more girls to come out for the team when school starts. There are a few girls from last year's team who have not come out yet this season.

"It's always difficult to start practice before school starts," Drexler said. "Sometimes I pick up a few more, sometimes I don't. It's disappointing because they come to school and they say 'you've already started the season, it's too late to join.' Well it's not too late, the season has only been two weeks."

Tonya Jansen is the lone senior as of now on the girl's team. The girls have two juniors and four sophomores. Drexler said Jansen will be the leader for the girl's.

"She is a very strong runner and is looking good in practice," Drexler said of Jansen.

en. "Hopefully she will pull the rest along and lead well."

Practices have been light at the start of the season because Drexler said he doesn't want to run the group into any injuries. What they have been doing are a lot of speed and tempo runs.

"We've spent a few days at Riverhill Park doing hill work. They love that," Drexler said jokingly.

Drexler has emphasized more of the mental part of cross-country running with finishing races off strong. Drexler said it is the toughest part to practice on, especially

this early in the season.

"This year I've been using the idea of a concrete hill or concrete mountains," Drexler said. "I don't mean a mountain per se, but running an extra fast time is a mountain to overcome because it is an obstacle."

Right now the boys have eight participants and the girls have nine. Only seven from each group are able to run on varsity. Drexler has not yet determined who the seven for each team will be. He said he is in the process in practice and has an idea, but it will take a couple of meets before he

knows for certain whom his varsity teams are.

Herriges said he was unsure who the team to beat in the conference was. Two Riv-

ers and Plymouth were the top two teams in the EWC conference meet last year.

SMART SOLUTIONS FOR BETTER HOME STUDY HABITS

(ARA) - Contrary to what many kids think, the best place to do homework is not on the living room floor with a TV blasting in the background. As students head back to school this fall, educators and parents alike are recognizing the importance of a quiet study room. Having a secluded, quiet and well-lit place allows children to switch into study mode and do homework without distraction.

"Parents know the value of a quiet study area with good lighting and limited distractions," says Elizabeth Souders, JELD-WEN Windows & Doors. "We're seeing more homeowners factoring this into their home design choices."

Homework can be a good gauge of future success, so it's important to start kids with smart study habits as early as first grade. The National Education Association (NEA) says children who spend time daily on regularly assigned, meaningful homework do better in school, especially as it becomes more critical each year to their scholastic success. Homeowners also see the benefit of having a quiet work space in the home, as reflected in a recent survey of real estate agents conducted by JELD-WEN Windows & Doors that shows 93 percent of buyers desire a computer room/office space.

Top study area tips

While most homeowners can't dedicate an entire room to a study area for children, they can still make sure elements are in place for a great homework and reading location. Experts suggest these tips to create a homework haven:

Seek out Space: Whether in a child's bedroom, play room or home office, choose a place where a child has privacy and feels comfortable. Also make sure the room has all of the essentials they'll need to get work done like paper, pencils, books, art supplies and other study necessities. A drawer in the desk or bookshelf is an ideal place to keep these tools.

Quiet Down: In creating a private homework space, doors play an important role in blocking noise throughout the home. Doors manufactured to provide superior noise reduction can help give kids the extra privacy they need while studying. JELD-WEN manufactures Custom Carved interior doors which can block up to 50 percent of the everyday noise that can cause kids to lose focus.

Light It Up: One of the most important features of a study area is good lighting. During daylight hours, natural

light can stimulate learning. Window size, glass type, such as Low-E and tinted glass, and shading options factor into the amount of sunlight kids need to study effectively. After the sun goes down, make sure there is enough light in the room and that it is well positioned throughout the study space.

Pay Attention: To keep kids motivated and engaged, it's important to set a regular time for homework. It's also a good idea to check in occasionally to offer help and ensure students are staying on task. In order to keep an eye on kids without interrupting them, experts suggest install-

ing interior wood doors with glass inserts, which work well in a home office or play area.

Get Comfortable: Within the study space, provide a spacious and comfortable work surface, whether at a desk or table, where kids can set out their homework and other study materials. If space permits, a cozy armchair is a great addition to the room for reading time.

Remove Temptation: The study space should be free of video games, TV, computer games and other online activities that can hinder the completion of work. One of the best ways to prevent overusing the computer is to keep it in a central area within the

home or to use a laptop that can be moved into the space as needed.

For more information about JELD-WEN products

that make the grade for study areas, visit www.jeld-wen.com or call Heberer Brothers Construction of Kewaskum at (262) 626-2384.

BOOSTER CLUB IMPROVES ATHLETIC COMPLEX

The new Booster Club apparel sales building is ready for fans.

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

As each respective fall sport practices to improve their team, The Indians' athletic complex has improved as well.

Over the course of summer with mainly volunteer help, The Indians' Doc Mitchell Athletic Complex has a new look to it. Plans proposed by The Booster Club, in February, are just about done.

The first aspect the improvements Indians fans will

notice is how quickly they have entered through the gates. The new plans created two more entrances, one being built on the visitor's side.

The most noticeable new feature is the new building next to the concession stand to sell Indians apparel and provide storage. The new building

will also be another place for ticket sales.

"The reason we put up this building is the Booster Club lost our space to store the clothing and the sales for the clothing, we needed a place to hold it," said Booster Club member Ann Wicklund.

The new apparel sales and

storage building is nine feet wide by 26 feet long. It will not store the apparel for the Booster Club, but for the athletics department as well.

"During the football season they will be able to put the pylons and all of that stuff. When track and field is going on they can put there blocks in there," Wicklund said. "(Before) they kind of shoved it in the back of our concessions stand or they had to carry it into the boy's locker room."

Finally, the last improvement extended the area in front of the concessions stand. Wicklund said there was not enough room for fans to buy concessions. The fence was moved about 12 feet, so it is right next to the track.

Budgeting for this project was made easier because Tom Paulus of T.P. Concrete, Inc. was given the job. The original cost for the improvements was just under \$32,000 but Paulus let the Booster Club use volunteers to help on the project for about 40 percent less. Paulus said he has only given the

volunteer workers discount to only the Kewaskum School District and his church.

T.P. Concrete laid all of the concrete, but it was the volunteers that prepared the area to lay the concrete. The football team was out there and they were the ones that was able to move the fence and lay gravel down. Some families came to help to do the excavating.

"They were very helpful," Paulus said about the volunteer workers. "We had three masons from the community that laid the blocks. Bend Industries supplied the blocks and the concrete and a reduced price."

Wicklund said this project couldn't have been done without Paulus.

"I cannot say thank you enough to him, his wife and family. It was Tom Paulus and his hours and his wife who really made it possible for us to afford this," said Wicklund.

Paulus said it was hard to say how many man-hours he dedicated to this project, but he guessed about 150 hours.
