TOWN OF FARMINGTON-Washington County suffered its seventh traffic fatality of 2008 as a result of a two-car accident that occurred at 7:03 a.m. on County Road H at Orchard Valley Road.

The Washington County Sheriff's Department states Jason M. Jacobs, 34, of Lomira was traveling southbound on Orchard Valley Road in a full size SUV when he failed to stop for a stop sign located on Orchard Valley Road at County Road H. His vehicle entered the intersection and struck a passenger car being operated eastbound on County Road H by Timothy J. McKee, 25, of Kewaskum.

The impact forced both cars south of the intersection, with the passenger car coming to rest in a field at the southeast corner of the intersection. McKee was pronounced dead at the scene by the Washington County Medical Examiner.

Jacobs suffered minor injuries and declined medical transport. He was wearing a seatbelt. McKee was not.

The Fillmore First Responders and Fire Department responded to the scene and were assisted by Newburg Rescue and Fire Department.

The Sheriff's Department Accident Reconstruction Team also responded to the scene and is continuing its investigation.

Under Wisconsin law, a blood test may be requested from a driver involved in a fatal accident to determine the presence of any alcohol or drugs in his/her system at the time of the accident. Jacobs voluntarily provided a blood sample to deputies at St. Joseph's Hospital. The sample will be forwarded to the State Hygiene Lab for analysis.

A complete obituary for McKee can be found on page 14.

Village tax rate up two cents, levy up six percent

By Andrew Kuehl
akuehl@kewaskumstatesman

KEWASKUM- More staff than residents showed up to hear about the village's upcoming budget Monday night. The village has a balanced budget for 2009, mostly due to pulling \$50,000 from the 2008 street maintenance budget.

Village Administrator Matt Heiser reported the 2009 levy would increase a little over six percent; the total budget is \$2,531,402. He did not hide the fact this is relatively large in comparison to other municipalities. This is due to the size of the village's debt and the Tax Incremental Finance (TIF) district, which will cost taxpayers \$75,084 this year. However, he pointed out the village's expenditures only increased one third of one percent, which is smaller than most communities.

The tax rate for village taxes will be \$6.62, an increase of two cents from the 2007 tax rate. The gross tax rate for the village will be \$21.39. This

amount does not reflect the state tax credit that is expected at the end of the month. The village collects taxes for the state, county and school district.

Washington County's portion of the tax rate is \$3.24, a decrease from last year. The state remained the same as 2007 at 20¢. Moraine Park Technical College will receive \$1.60, an increase of a penny from 2007.

Heiser also reminded those in the audience the state will only allow the village to increase their general budget levy two percent or by growth and the village, like many others across the state, did not

see the growth it did in 2007. A home valued at \$150,000 will see an increase of about \$3.00 per thousand.

"I would warn people, part of the cutting we did was from capital outlay which is our investment in the future, so certainly the equipment we are not budgeting to replace next year that's not going to get any better over time, at some point those investments will need to be made," Heiser warned.

Tax statements are expected to be mailed in December. Copies of the various budgets and budget summary can be found on our website, www.kewaskumstatesman.com.

WINTER PARKING

Reminder that the Winter Parking Restrictions and Snow Emergency Parking Restrictions go into effect at mid-night (12:00 a.m.) on December 1, 2008 and is in effect until 12:00 am on April 1, 2009.

Municipal Code Section 90-96(c) Night Parking Restrictions, reads as follows: No person excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public street or highway within the village between the hours of 2:00 A.M. and 6:00 A.M. from December 1, to April 1, of each year; provided that, notwithstanding such restrictions vehicles, may be parked a period of time not longer than 3 minutes for actually loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time, or manner violated thereby. Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wisconsin Statutes,

The fine for violating the ordinance is:

\$20.00 if paid within five (5) days of the issuance of the parking citation.

\$30.00 if paid between six (6) days and before twenty-eight (28) days.

After 28 days, the amount is \$40.00 and a notice will be sent to the Motor Vehicle Department to suspend any and all vehicle registrations held by the owner and refuse renewals of the same until the citation is satisfied.

An important fact is the owner of the vehicle is responsible for the payment of the citation whether or not he or she was the operator.

Municipal Code Section 90-96(d) Removal of Illegally Parked Vehicles. This section covers the issuance of citations and to the possible removal of such vehicles in violation of this ordinance. In addition to other penalties provided by Section 90-96 of this code, the owner or operator of a vehicle so removed shall pay the cost of the towing and storage.

Kewaskum, K-Ville, B-Ville firefighters assist at Barton fire

TOWN of BARTON- Three local fire departments responded to a residential structure fire at 7401 Fredrick Place on Monday, November 17, at 1:25 a.m.

West Bend Fire Department immediately responded with The Washington County Sheriff's Department. The homeowner, Roger A Cassidy, advised Sheriff's dispatchers of a fire in the attic, and that all occupants evacuated safely

from the residence.

Upon deputies arriving on scene, the fire had already breached the roof in the area of the chimney.

The Kewaskum Fire Department assisted with an engine and tanker, along with additional tanker assistance from Kohlsville and Boltonville Fire Departments.

The Sheriff's Department stated that Cassidy was burning wood in the fireplace prior

to going to bed, with the investigation revealing the fire originated from the area of the fireplace chimney. At this time the fire doesn't appear to be suspicious. A preliminary damage estimate exceeding \$75,000 dollars was provided.

The American Red Cross responded to assist with possible placement of two adults and a family pet.

Chamber of Commerce prepares for 2008 Christmas season

KEWASKUM- The Kewaskum Area Chamber of Commerce has begun preparations for the upcoming Christmas season. The theme this year is "Christmas Around the World".

out the Village. This has been an annual event in conjunction with the Chamber sponsored Christmas Parade that will be held on December 7 at 5 p.m. The parade will begin at Kewaskum High School, and run up Parkview Drive, to Main Street west and then north on Fond du Lac Avenue to the Village's Municipal Building Annex.

A thank you to the Kewaskum 4-H Club for assisting in placing the boughs and bows on the four bridges and welcome gazebo by the fire station this last weekend.

Anyone interested in a float or learning more about the parade should contact the Chamber at (262) 626-3336.

Koth pens book on how joy can come from grief

Rev. Jeffrey Koth

By Judy Harlow
Statesman correspondent

Their working relationship goes back over a decade ago.

There was also a period when Rev. Jeffrey Koth counseled La Vonne Sanders Pautsch, and now the two have combined to tell her story of how the sorrow and grief of losing her 14-year old son, Steven, actually turned into joy.

The book, *The Other Side of Grief: A Personal Faith Journey from Grief to Gratitude*, will officially be released in mid-December, but copies have already been made available to Koth, who grew up in Beechwood, moved to Kewaskum when he was 10 and was a Reigle Scholarship winner at Kewaskum High School in 1973.

"We just wanted to tell her story," Koth said earlier this week from his home in Lindenhurst, Ill., near Waukegan where he has been the pastor of St. Mark's Lutheran E.L.C.A. Church for the past 11 years.

"She (Sanders Pautsch) called me about four years ago. We had kept in touch," Koth said, indicating Sanders Pautsch worked as church secretary for three years while he was the pastor at United by Faith Lutheran Church in Evergreen, Park.

It was during that span, in 1984, that Steven Sanders Pautsch was struck by an automobile and lost his battle for life eight days later.

Koth remembers the call from Sanders Pautsch four years ago when she explained to him she was on an almost unexplainable emotional high. Koth said he responded,

"You've finally made it," meaning she had totally passed through the grief process. "She had great joy in her life, which came from the suffering," he said.

The two decided right then and there to document her journey and make the information available to others, especially to those who have experienced the loss of children. The decision required a solid commitment from both of them, according to Koth, who said, "Once a month we got together in Burlington" where Sanders Pautsch now lives with her husband, Lee.

"I would interview her," Koth said about the meetings, explaining he would go home and rewrite everything, then after several years and 10 drafts, the chapters were fairly well defined, and, "Then we had it."

"What gives the book integrity, according to Koth, is Sanders Pautsch lived through the experience. "You get insight from experience," he said, adding, it is their hope that the book "will provide guidance for people in the midst of that journey."

This is Koth's first experience at writing a book, which was a dream when the two first started meeting. "We didn't know whether we would be able to get this published," Koth said, but he was certain the story could be helpful to others.

What Sanders Pautsch learned after experiencing one of life's greatest heartbreaks was the discovery of a new significance in her life. There was also an unexpected blessing from God that emerged after the suffering and sorrow that

came after Steven's death.

The couple has one other child, a daughter, and Koth said there is a chapter in the book on her and how the parents allowed her to live her life without trying to smother her with protection and fear. This attitude can also be helpful to parents who have lost a child.

The Other Side of Grief: A Personal Faith Journey From Grief to Gratitude is now available from PublishAmerica.com.

Already Koth has received many compliments on the book. "What they're saying is it speaks to them in a way no

one else could understand."

Rev. Koth received his bachelor's degree from Valparaiso University and his masters in divinity from Christ Seminary-Seminex in St. Louis, Mo. Later he interned in Nuremberg, Germany from 1979-80 before receiving his first calling as a pastor. He has been married to his wife, Kristine, for 19 years and has four children, Lindsay, Brian, Alexis and Anna.

Koth's parents, Ralph and Shirley, still reside in Kewaskum.

Sanders Pautsch was raised in Chicago and lived

in Evergreen Park for 41 years and served as a facilitator for a bereavement program at a local hospital before retiring.

Writer's note: If someone were to try to define the consummate student-athlete, they could look to Rev. Jeff Koth as a perfect role model. An excellent student and a band member, Koth also worked hard at being a very good athlete, achieving all-conference honors in football and golf where he set a Scenic Moraine Conference record of 69 for 18 holes in the 1973 SMC Tournament. He also played basketball and baseball.

65th Anniversary

Merlin and Genevieve Luedtke of Kewaskum, celebrated their 65th wedding anniversary on Sunday, November 16, 2008, at Germantown with their family. The observance was hosted by their children and grandchildren and their families.

The former Genevieve Kehrmeier of LeRoy and Merlin Luedtke of Lomira were married November 20, 1943 at St. Andrew's Parish in LeRoy, by the late Rev. John Stehli. Honor attendants were the late Carl and Adeline Kehrmeier Lookman.

The couple farmed for several years, after which Mr. Luedtke was employed by Regal Ware in Kewaskum. He retired

in 1982.

Their children are Thomas Luedtke and his wife, Linda, of West Bend, and the late Janice Luedtke Holl, and her husband, Donald, also of West Bend.

The couple have six grandchildren. They are Scott Holl and Chris, of Kewaskum; Mike Luedtke and Jennie of Appleton; Renee Holl Steger and Walter, of West Bend; Tracie Luedtke Fechter and Tim, of West Bend; Paul Luedtke and Mariah, of Germantown, and Julie Luedtke of West Bend.

Merlin and Genevieve also are the proud great-grandparents of nine great-grandchildren.

Four Generations

Shown left to right in the above four generation photo are Judy Gross, grandmother, Campbellsport; granddaughter Breanna Gross, West Bend; Michael Gross, father, West Bend and Darlene Gross, great-grandmother of Campbellsport.

Quaas cousin reunion

Front row, left to right, Neal Quaas and Doris Prost. Row two: Joanne and Vernon Moths, Loran and Carol Quaas, Gloria and Bob Hanson, Marilyn and Ed Harmening, Pam Quaas, Bob and Eileen Loewe, Marilyn and Ralph Liepert, Val Heidtke, Lyla Boerger, Reuben Heidtke, Bob Boerger, Willis and Janice Liepert.

The 10th cousin reunion took place at the Quaas Creek Goring Athletic Complex in West Bend. Cousins and spouses attended from Iowa City, Iowa, Fort Wayne, Indiana, and from various places in Wisconsin.

After the traditional potluck dinner, a short and somewhat comical business meeting was held. Discussing some mysterious explanations of bygone family history of the late grandparents, Emil and Hulda (Fickler) Quaas, was also done. Reminiscing, picture taking by photographer Angela Prost and card games were played inside and outside at the club house overlooking the country site.

A close relationship and caring for one another makes for a happy cousin gathering every two years. Most of the attending cousins were doing well in spite of infirmities and rapidly advancing years.

They departed after a joyful day together and looking forward to meeting again in 2010.

Happy Thanksgiving

Stay safe while preparing holiday meals

(ARA) - The holiday season will be here before we know it, which means preparing for yummy feasting, the gathering of friends and family and shopping for all the food. Turkeys, hams, homemade salads and fruity desserts are all waiting to be whipped up and consumed.

But along with popularity of preparing holiday food at home comes the threat of food illnesses. According to the Centers for Disease Control and Prevention, more than 200 known diseases are transmitted through food, and foodborne diseases are estimated to cause up to 9,000 deaths each year in the United States.

"Food safety is everyone's responsibility, particularly when preparing and serving holiday delectables," says Dr. Roger Clemens, a spokesman for the Institute of Food Technologists (IFT), a non-profit society of food scientists committed to ensuring a safe and abundant global food supply. "Practicing safe food-handling habits during the holidays and everyday ensures a healthier

celebration."

To prevent foodborne diseases from ruining your Thanksgiving or Christmas holidays, keep in mind the following tips from the IFT:

* When purchasing your holiday meal at the store, pick up your frozen turkey or ham last before checking out and driving home. As soon as you get home, refrigerate the meat on the lowest level of your cooler or immediately put it in the freezer.

* To thaw, don't leave a frozen turkey on the counter, which leads to higher bacterial growth. Instead, place the covered turkey in a shallow pan on the lowest shelf of the refrigerator, or if time is limited, place the plastic-wrapped turkey in a pan of cold water. Change the water every 30 minutes until the bird thaws.

* Never place the meat directly on the counter to avoid cross contamination. Clean and sanitize the counter, cutting boards and your hands while handling raw foods. Keep clean dishes and utensils on hand and do not reuse plates that were used for raw meats.

* Use a separate thermometer to check the meat tem-

perature, versus the pop-up thermometer included with the product. Thermometers are inexpensive and easy to use. When the temperature reaches a minimum of 165 F, the turkey should be done - or 145 F for beef veal and lamb, or 160 F for pork and ground meat. Make sure you sanitize and clean the end of the thermometer between uses.

* Before serving, keep hot foods in the oven (set at 200 to 250 F) or cold foods in the refrigerator until serving time to keep them at a safe temperature for a longer period of time.

* Refrigerate leftovers immediately after the meal is finished. Any food sitting out at room temperature for more than two hours should be discarded. Separate leftovers into smaller containers, which allow the food to cool down more quickly and lessen the chance for bacteria to multiply.

"These simple food safety steps, clean-separate-cook-chill, will assure that you and your guests have an enjoyable and memorable holiday," Clemens says.

KEWASKUM CAREER ACADEMY

As part of their requirements for graduation, all KCA students must participate in some form of volunteering/community service. Kewaskum Schools Volunteer Coordinator, Laurie Beimborn, assists these students with various volunteering opportunities. Some of these students have been volunteering at KES with the B.E.A.R. program (Being Excited About Reading), or helping out with the lunch program and on the playground for recess. One student helps the Boys & Girls Club after school, assisting younger children with their homework, computers or gym time. Junior, Jordan Bocher states, "I think that my favorite part of volunteering for Big Brothers/Big Sisters is seeing all the children having fun in a safe environment. Also, all the staff is amazing; they are so nice and they really connect with the children". Another student helps out at a local day care center assisting staff with various clerical duties. A few KCA students work at one of the local elderly assisted living centers providing help with residents. They take them for walks, play Bingo with them or just read aloud to them. There are also a few students who help staff members at KES and Wayne with one-on-one student tutoring, clerical or art & craft projects.

KEWASKUM MIDDLE SCHOOL

Recently it has come to the attention of Kewaskum Middle School that a business called **Fanfare** is again soliciting local businesses to support KMS with cash donations to Fanfare in exchange for advertising on their sports products. In the past their products have included: miniature footballs and basketballs, sports bottles and hot drink containers. We want the local businesses to know that KMS in no way has ever asked this company to represent or support the middle school in this manner. If contacted by such a proposal, please call Kewaskum Middle School to confirm the validity of such a request.

A Mercy

by Toni Morrison

Alfre A. Knopf \$23.95 176 pages

In the natural order of things, parents sacrifice for their children.

If there is hunger, a mother will feed her child and go hungry herself. If it's raining, a father will be drenched while the child stays sheltered. Parents work long hours to make sure the child has a good education and a sunny future.

And sometimes, a parent will do the unimaginable to save her child's life. In the new book "A Mercy" by Toni Morrison, a girl forever mourns her mother's decision while those around her nurse their own griefs.

It is 1690 and Rebekah Vaark is gravely ill. If Mistress dies, it won't be good for the farm, or for the three women servants who live there, too. If Mistress dies of the pox, Lina fears that she and Sorrow and Florens will be taken by the Anabaptists. They'll take the farm, too, and everything Mistress and Sir worked hard for.

A trader by profession, Jacob Vaark never wanted a farm, but he was pleasantly surprised when a distant uncle left him a plot of land. Suddenly wanting roots, Jacob paid for Rebekah's passage and married her, straight off the ship that brought her across the ocean. Soon, babies came but none of them survived except Patrician, the little girl who put light in Rebekah's eyes.

But Patrician was gone, as were the brothers who followed her in birth and to the grave. And so was Jacob, dead of the pox. He left his wife an almost-finished mansion, a tumble-

down farm, and three slave women. Jacob never wanted slaves, but when he was offered first Lina, then Sorrow, then little Florens in exchange for debt, he knew he could give them a kind home.

As Mistress lay, delirious, Lina had no choice but to send Florens out to find the blacksmith who could save Mistress' life. The blacksmith was a freedman and Lina knew that he had coupled with Florens, which was bad. Still, she knew he could save Mistress, so she sent a love-struck girl to fetch him.

No matter where he was, Florens was sure she could find the blacksmith. Wearing Sir's boots and carrying a wax-sealed letter from Mistress, Florens set off to bring him to the farm. She had hopes that they would be together after he saved Mistress. The blacksmith would never send her away in the way that her own mother did.

It's been said about author Toni Morrison's work that you'll either love it or hate it.

I loved it.

"A Mercy" is tender and brutal, quiet and urgent, with a cast of characters that will make you forget you're reading a novel. I loved the contemplative Lina, and Rebekah, who seemed so resigned. Morrison gives Florens the perfect touch of "teen-with-attitude," which made her heartbreaks all the more painful.

If you're looking for a short novel that will, at the end, make you want to turn around and experience it again, get "A Mercy" and sacrifice some time. You won't be sorry.

DAYS GONE BY

25 Years Ago

October 21, 1983

Fifteen million unborn babies have been killed, that's 4,000 a day, since the Supreme Court allowed the abortion law to go into effect ten years ago. That statement was made by Ann Enright, Kewaskum, President of the Kettle Moraine Chapter of Wisconsin Citizens Concerned for Life and President of the Board of Directors of Friends for Life, as she addressed the Kewaskum Kiwanis Monday evening.

On a four to one vote, during a special meeting, the Kewaskum School Board approved a final revised tax levy of \$2,961,000 for 1984, up \$41,200 from the original levy of \$2,920,000 presented to the Annual District Meeting in July.

The former grocery store, appliance store, pot and pan store, shoe store and game room, among others, at 143 Main Street (now John's On Main) is getting a new interior and a new tenant, Gina's Pizza, in early November. Virginia Haney will be moving her pizza shop from 230 Main Street to its new location about a half block west, which is being remodeled to provide a beautiful setting for Gina's pizza and subs.

This year's Kewaskum Jaycee Haunted House plans to be the biggest and best ever as the Jaycees have used the upstairs of the old feed-mill building at 1411 Railroad Street in Kewaskum. This will be the eighth annual Jaycee Haunted House and each one continues to draw more people and has more scenes. Two Stories of Terror features four completely new scenes, and updated soundtrack, a slide from the top story to the bottom story and many new fiendish monsters and terrifying effects.

This year's Kewaskum High School Homecoming will be highlighted by several activities. The Kiel Raiders will challenge the Indians in Friday night's game, October 21. Preceding the game will be the traditional Homecoming parade starting at 6 pm. On Saturday, October 22, Manchester will provide the enter-

tainment for the Homecoming Dance in the high school gymnasium where the king and queen will be crowned during the grand march. The year's court includes seniors, Chris Harlow, senior football representative, and Amy Grahl; Jim Braun, senior football representative, and Sherry Phillips; Jeff Squier, senior football representative, and Lisa Matenaer; John Swanson, senior football representative, and Denise Gruber; Tom Herriges, junior football representative and Amber Charland; Mark Follmann, junior football representative and Debbie Jepsen; Steve Kuphal, cross country representative, and Beth Strigenz; Peggy Kempf, volleyball representative and Jay Zautner, and Donna Hlavaty, girls tennis representative and Brian Kober.

Mary Lynne McNamara of Kewaskum has the role of Mrs. Frank in the University of Wisconsin Center - Washington County's Theatre on the Hill presentation of "The Diary of Anne Frank."

As was expected, the Kewaskum Indians had a tough time of it but squeaked past the Falcons at Sheboygan Falls Friday night, 14-13, in a come from behind victory.

A daughter, Amanda Lynn, was born to Leslie and Cynthia Gessner, Kewaskum, on October 12. Paternal grandparents are Mr. and Mrs. Byron Gessner Sr., Kewaskum, and maternal grandparents are Mr. and Mrs. Robert Kiefer, West Bend.

Sons were born to Allen and Marie Bath, Kewaskum, on October 13, and to James and Jean Stoffel, Kewaskum, on October 17.

75 Years Ago

October 27, 1933

Two new enrollments in the seventh grade at the Kewaskum school bring the total to 25. The new students are Warren Canary and Helmuth Lubitz.

Among the high school students who have visited the World's Fair are the following: Russell Heisler, Herbert Hopkins, Sylvester and Martin Gutekunst, Viola and Norma Hawig, Marie Beilke, Viola

Backhaus, Iris Bartelt, Doris Mae Rosenheimer, Inez Stellpflug, Agnes Borchert, Lorraine Habeck, Earl Bartelt, William Schaefer, Ruth Koepsel and Robert Rosenheimer.

November 3, 1933

A very enthusiastic basketball meeting was held in the Opera House last Thursday evening at which time a city basketball team was organized. Marvin Martin was chosen as manager and Jacob Schlosser Jr. as treasurer. The team will be composed of all home talent. All city games this year will be played in the Opera House. Kewaskum has always had good material for a city basketball team and we see no reason why a high standard team cannot be had again this season.

Quite a number from Kewaskum attended the Penant Dance held in Wiator's Hall at Wayne last week Sunday. The dance was given in honor of the Wayne baseball team winning the 1933 pennant of the Milwaukee River Baseball League.

A seven and three-quarter pound baby girl arrived at the home of Mr. and Mrs. Edw. E. Miller last week Friday.

November 10, 1933

The village of Allenton and surrounding community on Tuesday evening were horrified to hear of a fatal automobile accident in which two of their well known women were killed and one man was seriously injured. The dead are Mrs. Tillie Langenecker, 40, and Mrs. John Martin, 60,

mother of Mrs. Langnecker. Raymond Martin, a son of Mrs. Martin, suffered a fractured arm and severe cuts and bruises. The accident happened while they were enroute home from a shopping tour in West Bend. Within a mile of their home on Highway 33, the car in which they were riding crashed into a gravel truck which broke down and was parked at the side of the road.

A most interesting program of operettas, comedies and minstrels will be staged by the St. Michael's Dramatic Club on November 12 and 14. The program consists of acts by the following performers: Frank Thull, Nick Thull, Nick Schneider, Barbara Lehnerz, Victor Schneider, Albert Theusch, Leo Schladweiler, Bernice Theisen, Mildred Schladweiler, Carl Herriges and Norbert Thull. Also performing as minstrels will be: Cyrilla Thull, Marcella Schladweiler, Viola Schladweiler, Anna Thull, Marie Thull and Catherine Staehler.

November 7 closed the last gap of the Prohibition Act, although the official burial will not be made until December 5, when the 36th State will have officially held its convention and ratified the 21st amendment which repeals the 18th Amendment. With the repeal of the 18th Amendment, the federal government is taken out of the business of regulating the drink traffic. All it will have to contend with in the future is the collecting of taxes and preventing shipments of liquor into the dry states.

The village treasury of the Kewaskum High School this

week was enriched by \$29 as its share of the beer tax money for Washington County. The amount for the county was \$1,000 which was distributed to all of the elementary schools in the county. The money was received by Village Treasurer, John Marx, who turned it over to A.P. Schaeffer, treasurer of the school board.

Kewaskum and vicinity experienced the first real taste of winter on Thursday when the mercury dropped to 20 degrees. Snow flurries with a brisk wind continued throughout the day. Automobile travel was very dangerous on account of the icy pavements.

A little baby girl brightened up the home of Mr. and Mrs. John D. Coulter of Wayne on November 3.

Looking back 25 years: Indians state runner-up

By Pat Neumuth
Statesman Sports Editor
patrick@kewaskumstatesman.com

It has been 25 years since the Kewaskum Indians made it to the state championship game at Camp Randall.

A lot has changed in high school football since 1983. Only conference champs made it to the playoffs. Training and weight lifting has made players bigger now. Back in 1983, the Indians had one player at 200 pounds.

The spirit in the town and the magic on the gridiron stayed the same. The team overcame high hurdles to play at Camp Randall.

Current assistant coaches Dennis Butz and Tim Rohlinger were on the 1983 state runner-up team.

Butz said the magical run started in the fourth game of the season, the first EWC game against Two Rivers. Two Rivers was the powerhouse back in that era. Two Rivers were the three time defending state champions.

The Indians went up to Two Rivers and beat them at their place 18-15.

"It might have been an 18-0 lead at the end of the first half," said Chris Harlow, who was a running back on the '83 team. "They slowly came back. It seemed like we stopped them four or five times in the last quarter. It was probably only three times they were inside our 30 and never scored."

Butz said John Swanson blocked a late field goal attempt to seal the victory. More

blocked field goals were yet to come.

"They had been a powerhouse forever and to go up there and beat them, I think was probably what we needed to give us confidence to do what we did. They were good and we went up there and beat them," Swanson said.

The Indians pretty much handled the rest of the EWC teams. Kewaskum beat Sheboygan Falls 14-13, which was the closest conference game of the year.

The Indians rolled over Kewaunee 23-0 in the first playoff game. The Indians gained 366 of total offense and gave up 144 yards.

The Indians needed one more win to play at Camp Randall. Reedsburg was in the way of Kewaskum to go to state.

This game could not be decided in regulation. The teams were knotted at zero going into overtime. The Indians won the game 13-7 in double overtime by way of Jeff Squier running back, and Reedsburg's attempt for a game-winning field goal for a touchdown.

Fans stormed the field and jumped on Squier in the end zone after the victory.

"It was a big press up the middle and the kick got blocked and went forward off his hand," Butz said. "But if it doesn't go beyond the line of scrimmage it's a live ball. Just as it was Squier, he was the right end, I was the left end, he was just coming down the line because we block down. [He] looks up, sees it, grabs it and runs into the end zone. All hell breaks loose."

"It was out of control. We score and we are in the corner and it's just a mob scene. There's people going from the stands. I mean there are a hundred people right down in the corner jumping and going nuts. I'm looking around for a flag. I look at the ref and he said touchdown."

Butz said he has a brother-in-law that lives in Reedsburg and he said they still complain about that play. He said they think the ball was beyond the line of scrimmage and "we got screwed in Kewaskum."

The Indians eventually lost to Lakeland 21-0 for the division three title. Key interceptions in the fourth quarter led to

the loss. A 95-yard interception return for a touchdown gave Lakeland their last score of the game.

Swanson said playing at Camp Randall was a little overwhelming and he was in awe of the size of the stadium. He said he could not imagine playing in front of a packed house there. And playing on the artificial turf was new for the entire team.

Rohlinger said this season's team and the '83 team are very similar. He said the offensive line and defense were the strong points of the team.

"Just a lot of the same type of characters were on the team," Rohlinger said, who was the backup quarterback as a sophomore in '83. "These guys are good athletes and good students and there were a lot of those guys on that team, too."

There are different opinions between Butz, Rohlinger, Swanson and Harlow on who would win if the '83 team and this year's team played each other.

The assistant coaches went with their '83 team. Butz said the '83 team wins in double overtime and Rohlinger said their team wins 24-23, "just cause." Harlow said this year's team would win in a close one, 28-21. Swanson didn't want to say. All he said is that it would be one heck of a game.

PAT'S PERSPECTIVE

By: Pat Neumuth
Statesman Sports Editor

The 2008 football season

Despite the 42-0 level four loss to Waupaca, the 2008 football season was a success and the players and parents should be proud.

These kids have accomplished more than most. I know it was a let down to lose at level four again, especially the way it happened, but you have to look at the positives. Not many people get to say they went to the level four the two or three times on varsity. The farthest I went was level three and didn't make it to the playoffs my senior year.

These seniors never lost a home conference game and had two perfect regular seasons. They dominated the EWC. Just look at the all-conference listing. Kewaskum dominates every category. Quarterback Nick Olla was offensive and back MVP, Joe Paulus was defensive and linebacker MVP, Fred Fellenz was offensive lineman MVP and Jason Piittmann was coach of the year. That says it all.

No EWC game was a close one. The overtime thriller at West Bend West was the only close game in the regular season.

The level one game against Fox Valley Lutheran was laughable. Forty-two points in a half showed their dominance. Kewaskum traveling to Green Bay and shutting out Notre Dame showed how good this defense was. Holding a team to no points at an away playoff game is tough. The win at home against Port Washington showed how much the guys wanted to get back to level four.

Waupaca was just a really good football team. They looked just as prepared in their game plan as the Indians did. They just controlled the offensive and defensive line. The Indian backs were getting hit behind the line of scrimmage and Waupaca backs were falling forward for at least four yards per play.

The Comets did what the Indians were so use to doing. They forced three-and-outs, pounded the ball and passed when they wanted to pass. I think only playing one close game hurt the Indians. When the Comets scored on their second possession, looked shocked, like they have never been down before.

Every player gave it their all, I just think the Comets were a better football team. The Indians had no answer to Comet quarterback Brock Jensen and running back Mike Solberg.

Many of these seniors will be back on the gridiron playing college football. The preparation Piittmann makes his team go through will make the transition to college football easier.

The Indians will graduate some outstanding players. The starting offensive line of Fellenz, Josh O'Brien, Brandon Peter and Ryan Riebe, are graduating. Jeremy Neuenfeld and Kyle Walcheske served as reliable linemen backups and will graduate. Field generals Olla and Paulus will be missed. Someone will have to step up and take over for Brian Backhaus' linebacking and kicking duties. The aggressive defensive ends Josh Harbin and Matt Buker will have to be replaced, along with run stoppers Adam Kleinke and Travis Justman. Mr. big play Zach Amerling graduates. The energetic, hard-nosed Eric Turowski will be gone. The consistent fullback in Nathan Westerman has to be replaced. The big targets of Eric Shaske and Michael Herriges at tight end will be gone. The quick defensive back Ray Wollner graduates. And the overlook, all-important scout and special teamers in Tony Klemme, Matt Whatley and Nathan Seitz will be missed.

Next year's team looks promising. This year's JV team only lost one game. Cody Seibel was a beast this year and he can only get bigger, faster and stronger. Seibel will have to be the man next year. I think Brandon Zolp will be under the radar to start next year and will have a nice senior season.

Hopefully the underclassmen realize that there is always someone out there who is better. No team in the EWC is going to roll over for them. No team in the playoffs is going to let the Indians get back to level four. It takes hard work on and off the field, in season and out of season to get back to the top.

Next season is a clean slate. The Indians will have to compete to be five-time EWC champs. This loss stings, but with hard work they might be able to get past level four and get to the elusive state championship game.

Seventh graders faced uphill climb

By Judy Harlow
Statesman Correspondent

Not every team can win conference titles, and in those cases, effort is the key to claiming success.

Such was the case of the Kewaskum Middle School seventh grade team, which struggled to score 49 points in the Moraine Conference Meet earlier this fall and had to settle for fourth place in the standings.

"We only had fifteen girls so it was kind of hard. We just didn't have any depth," coach Jason Meinen said.

Slinger was head and shoulders above the rest of the participants in the meet on the track.

The Lady Owls scored 113 points, eight more than the runner-up Pewaukee (105). West Bend Badger finished third at 98, then came the Indians, and West Bend Silverbrook was last with 35.

Meinen noted Slinger had nearly three times the number of participants as Kewaskum had.

None of Meinen's charges managed to win an event. The best places were thirds by Stephanie Henk in the discus, Carlin Ermer in the 100 hurdles, Britney Peterson in the 200 and by the quartet of Lindsey Zuehlke, Heather Hintz, Cassidy Enright and Jessica Nurkula in the 4x200 relay. The latter foursome combined for a time of 2:20.80, while Henk's best throw in the discus sailed 65 feet even.

Ermer did well in the hurdles, running a 20.61 in the trials, then cutting .26 of a second off that time in the final for a 20.35. This was a good event for the Lady Indians as Kayla Oelhafen ran a 20.64 in the finals, which was good for fourth place.

Peterson got a top spot in the 200, running a 32.18, good

for third place and six points.

Kewaskum also "doubled" in the high jump, with Oelhafen tied for fourth in the high jump, going 3-10, and Hintz sixth at 3-6.

Other places in the field events included: Henk, 5th in the shot put, 21-63/4; Emily Eutsey, 4th in the discus, 59-51/2; and Peterson, 6th in the long jump, 11-81/2.

The 4x400 relay, comprised of Haylee Schwengel, Andrea Wiedmeyer, Rachel Lockett and Marissa Dorzok carried the baton for a time of 5:37.80, good for fourth.

Other top-six places were: Oelhafen, 6th in the 400, 1:17.30; Zuehlke, 5th in the 100, 18.56; Dorzok, 6th in the 800, 3:12.86.

"They were good, hard-working girls. They did the best they could," Meinen said, hoping he is able to recruit several more candidates for next season.

Level four match crushes Indians' dreams yet again

The Indians football team still can not catch their "white whale," by getting to the state championship game. This is the fourth year in a row the Indians lost at level four of the division three playoffs.

This season it was Waupaca beating Kewaskum in a lopsided 42-0 game that knocked the Indians out of the playoffs.

"Just in the respect that we know we are much better than what we showed on Saturday," head coach Jason Piittmann said when asked if this was more disappointing than level four games in years past.

"They were more physical. They were more intense and physical and they executed their game plan better," quarterback Nick Olla said after the game.

The Indians went into halftime only down 14 points, but gave up 14 points in the third and fourth quarter to blow the game open for the Comets.

The Comets started the game with the ball. After gaining a first down in two plays, a Matt Buker six-yard sack on second down put the Comets in a third-and-long situation they could not overcome. However, the Indians could not move the ball either and went three-and-out.

The Indians defense got a heavy dose of Comet running back Mike Solberg on the next drive. He got six handoffs in a row that moved the ball into the Indians red zone. Linebacker Joe Paulus made a nice diving deflection to force the Comets in another third-and-long situation. Quarterback Brock Jensen threw the ball up to Nate Nelson in the back of the end

zone. Nelson jumped over Zach Amerling for his first of three touchdowns of the game.

The Indians tried to establish the run, but Piittmann said they put eight in the box and schemed really well to stop the Indians dynamic running attack. The Indians rushed 22 times for 36 yards. That is 1.64 yards per carry.

"It's just frustrating. Our motto has been to control the line of scrimmage every game and when we do we win. And we didn't today and that's why we lost," Olla said. "Our line has played great, we just couldn't get it done today."

Kewaskum had a great opportunity to force the Comets into a three-and-out situation on their next scoring drive. The Indians gang tackled Solberg for a loss of three on first and an illegal shift penalty pushed the Comets back five more yards. On third-and-18, Waupaca called a draw to Solberg. Solberg ran for 20 yards for the first. Solberg finished off the 10-play drive by bouncing outside for the three-yard score.

"We get the ball first. We have an opportunity. They landed the first blows, we've got to get back on our toes and get back and fight back," Piittmann said to his team at halftime. "We got to push a little harder and answer the call."

The Indians came out in the second half in the shotgun wanting to pass. Comet pressure forced an incompleteness and a five-yard sack.

Jensen, on the Comets first play, ran 63 yards down the sideline for a quick second half score.

Piittmann made the decision to go for it on fourth-and-four on their own 39-yard line. He said his team needed a boost and thought converting on fourth would wake the team up.

Olla was flushed from the pocket and fumbled the ball. The Comets scooped it up and were tackled at the 22.

The Indians could have held the Comets to three points, but a roughing the kicker penalty gave the Comets an automatic first down.

Three plays later Nelson caught a five-yard touchdown.

The Comets scored back-to-back in the fourth quarter. Nelson caught a 25-yard touchdown on a fade. Three plays later on defense, Connor Kiesow intercepted an Olla pass and brought it 36 yards to the end zone.

"They were very well disciplined. They beat us fair and square. I mean there are no excuses," defensive end Josh Harbin said. "We left everything on the field as we could and that is what we wanted to do in the end either win or lose."

"It's so much work by the senior

class. I'm so proud of them, they all worked so hard in the off season," Olla said getting back to the level four game. "They knew what they wanted and they worked for it, we all did."

Both Harbin and Olla said they will miss the guys on the team and the camaraderie of playing football with this group of guys.

"I was very proud of them for what they've done all season. The way they worked. Most of them were in the shadows last year and they worked hard to get their opportunity in the spotlight this year," Piittmann said of the senior class. "They did a great job leading our team. I told them I was very proud of them and they are such a great group of guys. Honestly, you would be glad to have just about any of those kids as a son."
