Local missionary Joers, looks back on success; preparing for fall trip to Nicaragua

By Judy Harlow

When she isn't in Nicaragua, Marie Joers is still thinking about the people there, praying for them and planning for her next trip and how she can help make their lives a little better.

The needs of the people, and now specifically 60 young men in Pius X Minor Seminary located in Bluefield, are paramount among Joers' goals for her 13th trip to the Waspam area, which will begin on Sept. 23rd.

This summer she is concentrating her apostolic efforts on the seminarians, which include seventh, eighth, ninth and 10th graders, some of whom come to the seminary "with nothing but the clothes on their backs."

"They have a major seminary in Managua," Joers said, explaining this facility receives financial support from the Vatican in Rome. There is no help for the minor seminary, however, according to Joers, who said about 15 of these young men come from the Waspam area, which includes Santa Ana, the sister parish of St. Michael and Holy Trinity Parishes.

Paul Schmitz, the bishop in that diocese, who grew up in Fond du Lac and was educated at St. Lawrence Seminary in Mt. Calvary, has made Joers aware of the needs of these future priests. She said she recently spoke with him by telephone about their needs

Basically what Joers would like to do before she leaves for Nicaragua is appeal to the people of the two Catholic parishes to provide duffle bags or backpacks for the young men.

"Some of the things they need are lightweight blankets, towels, sheets for twin beds, T-shirts, socks, hygiene items and school supplies," she said, adding, Holy Trinity School recently donated 1,000 pencils for the schools in Waspam.

"And if we could give them some fun things," Joers went on, suggesting perhaps a soccer ball or baseball or English-Spanish dictionaries because the seminary teaches English.

Fr. Elvis, one of the two priests Joers works with, just returned to the United States this past week, and the two will visit St. Michael and Holy Trinity Parishes, as well as one in Columbus and a couple in the Madison area.

"He's (Fr. Elvis) got some very good friends in Columbus," Joers said, indicating the Catholic parish is now part of a Wisconsin-Nicaragua partnership. The man heading the effort in Columbus is Bob Groh, and Joers said, "He's been a big supporter of Ni-

Snowmobile club, town board find compromise

By Mitch Maersch

mitch@kewaskumstatesman.com

TOWN OF KEWASKUM - Residents, snowmobile enthusiasts and business owners packed the Town Hall on Monday, the majority urging the Town Board to rescind or alter an ordinance banning snowmobile groomers from traveling on or crossing town roads.

After a number of passionate pleas, the board presented an amendment to the ordinance that strikes a compromise. The board will vote on the new ordinance at its August meeting.

At issue is \$6,500 of damage to the recently repaved Kettle Moraine Scenic Drive, which may or may not have been caused by snowmobile groomers last season. The Town Board said it doesn't have money to repair it and snowmobile clubs say it wasn't their equipment that damaged it, citing much heavier vehicles like snow-plows, septic tank trucks and buses. Two years ago, the trail had to be moved as one town resident stopped allowing snowmobiles on a half-mile section of trail on his property. The resident owns property on both sides of the road, but state statutes allow the use of road right-of-way to travel from one part of a trail to another, said Craig Sanborn last week, a town resi-

Aurora to open Grafton Hospital Nov. 1 Grooming

Aurora Health Care today announced that it will be opening the new Aurora Medical Center in Grafton on Monday, November 1, 2010. It will be the first entirely 'green' hospital in Wisconsin and will provide integrated care for thousands of residents throughout the greater Ozaukee County region.

'More than half of the residents of Grafton and the many surrounding communities are already choosing Aurora for their health care," said Len Wilk, chief administrative officer of Aurora Medical Center in Grafton.

"Hundreds of Aurora Health Care and Aurora Advanced Healthcare doctors are now caring for the community's outpatient needs and soon our patients will have the benefit of coordinated inpatient care," said Bill Ebinger, MD, an internal medicine physician in Grafton and member of the Advanced Healthcare Board of Directors.

The campus will have a comprehensive orthopaedic center with the convenience of a uniquely designed entrance and four dedicated operating rooms. The fellowship-trained and experienced orthopaedic team is just one example of the Aurora Advanced Healthcare partnership and presence in the community.

The hospital is nearly 80 percent complete, including most of the exterior. Towards the end of summer medical devices to support surgeries, diagnostics and rehabilitation will begin to arrive, said Wilk. Equipment installation can take two to three months to complete. After installation, each of the devices will undergo strict and comprehensive testing and certification.

Aurora Medical Center in Grafton is being built to LEED (Leadership in Energy & Environmental Design) certification standards; LEED is an internationally recognized green building certification system that provides third-party verification that a building or community was constructed using strategies aimed at energy savings, water efficiency, carbon dioxide emissions reduction, improved indoor environmental quality, and stewardship of resources and sensitivity to their impacts.

The new hospital, located just west of I-43 and Highway 60 in Grafton, will offer 107 beds. The original bed count of 89 was based on projections from 2007. The 18-bed adjustment accounts for recent affiliations, the number of physicians who have joined Aurora and Aurora Advanced Healthcare and the incremental volumes that coincide with those additional physicians.

The adjustment also reflects the projected rise in orthopaedic surgeries based on demographic data.

The new Aurora Medical Center in Grafton is a 520,000 sq. foot, state-of-the-art, sustainable regional medical center that will bring more than 600 jobs to the area. The hospital will also offer a wide array of specialty care services, including cardiac, cancer and neurological care, 24hour emergency department, an orthopaedic center, NICU, advanced technology for diagnosis and treatment and much more.

The campus will offer plentiful, convenient parking with three separate, canopied entrances (main entrance, orthopaedic entrance and emergency department entrance). The official web site is www.aurora.org/grafton. The hospital also has its own social media sites on Facebook (search "Aurora Medical Center in Grafton"), Twitter (@ aurora_grafton) and YouTube (search "Aurora Grafton").

Aurora Health Care is a not-for-profit health care provider and a nationally recognized leader in efforts to improve the quality of health care. Aurora offers services at sites in more than 90 communities throughout eastern Wisconsin.

"How many jobs and parttime jobs are created by the tourism?" said Jerry Zier of Hubertus. "You've got a great winter recreational area and this would dry it up."

Kewaskum Sno-Chiefs member Bob Kirst estimates the loss of revenue to be in the \$20,000 to \$25,000 range.

Brenda Kirchner, who lives near the trail outside Kewaskum whose son snowmobiles, said she hasn't heard of snowmobiles in other communities blamed for road damage.

"A milk truck is very heavy," she said.

Town resident Ellen Dettwiler suggested the club get money from the village, county and state to pay for road damage.

"As a taxpayer in the town, I can't afford my taxes to go through the roof because of recreational vehicles,"

The new ordinance allows snowmobile groomers to cross town roads but not travel down them. The way the trail goes through town now, however, forces snowmobiles and groomers to travel on town

But Kyle Abrahamsen, president of the Sno-Chiefs, said his club is working on changing the trail off of Kettle Moraine Drive so snowmobiles would only have to cross town roads. That could be done for the upcoming season, though it may require a couple of bridges to be built, he said.

The new ordinance also

requires snowmobile clubs to provide the town with proof of insurance so the town could recoup its costs for any damage caused. The town would still have to legally prove road damage was caused by snowmobiles or groomers and not other vehicles, said town attorney James Danaher.

Abrahamsen said his club has insurance and he can provide the town with documen-

Town Chairman Ellis Kahn said he had tried to contact snowmobile clubs months ago to try to resolve the problem and didn't receive a response to phone calls or a letter.

The board voted 2-1 to put the ordinance on the August agenda for possible approval. Supervisor Dan Schmidt voted against it.

Schmidt said he was disappointed in the town board, snowmobile clubs and taxpayers. Six months ago he said the problem could have been fixed for \$200 and now it's costing much more with attornev's fees. The town is already hundreds of thousands of dollars behind on road repairs, he

"As a supervisor this whole ordeal makes me sick," he said. "I hope everybody learned a lesson here. We've got to quite wasting government money." The amendment to the ordinance can be found at the town's Web site, http://www. townofkewaskum.com, the link on the left "Proposed Amendments to Ordinances." The August Town Board meeting is Aug. 16.

TEA PARTY MOVEMENT COMES TO WASHINGTON COUNTY

For decades, generations of Americans have gone about their daily lives while local, state, and federal governments were hard at work devising ways to increase in power and size and decrease their accountability to the voters. We became ignorant of the governmentexpanding policies being implemented around us in part, because the effects of many individual policies merely chipped away tiny bits of freedom at a time. We became apathetic, too involved in our personal affairs, to bother spending a moment to pay attention to the maintenance of freedom and constitutionality of our country's values. We seem to have accepted a general trust and reliance on our govern-ment officials to "do the right thing", when often, very much the opposite takes place.

Because of our lack of vigilance, today our nation faces debts in the TRIL-LIONS of dollars that our children's children will have to bear. More and more decisions that used to be made by our families, for our families are now being made by politicians. Our hard-working American values are being overrun by an entitlement mentality that is taught to us in our schools and perpetuated by numerous government programs. We have been conditioned to look to government for answers instead of relying on the great American drive to succeed and overcome all odds against us.

Fortunately, as we the people realize the devastation to liberty caused by the waste, fraud, and abuse subjected upon us by our politicians, an awakening has occurred in America. It is out of this awakening that the TEA (Taxed Enough Already) Party was born. Millions of Americans found a way to come together, to reclaim ground against a power-hungry government and to revitalize the founding principles of our great country within this movement. The TEA Party movement is founded on every day Americans having shared values. Those values consist of limited government, fiscal responsibility, government accountability to the people, and a duty to uphold America as it was laid out by our founding fathers in the Constitution.

There is no leader of the TEA Party. There is no club-house, nor are there any dues to pay. The TEA Party is YOU, America. It is us, right here in Washington County. There have been numerous TEA

Party events held throughout the country. All of them sprung up because a handful of citizens decided to get together and organize one. The Washington County TEA Party event is the inspiration of a Richfield farmer who wanted to know why one of the most conservative counties in the state had yet to host one. He approached the grass roots group of "regular Joe's". Common Sense Citizens of Washington County, with a signup sheet for those who may be interested in volunteering to work with him to put something together. Common Sense Citizens is a local affiliate of Americans for Prosperity. They are a

non-partisan group dedicated to educating and mobilizing the public regarding current government policies. With the sponsorship and support of Common Sense Citizens and Americans for Prosperity, a small group of volunteers have been working diligently to organize the TEA Party scheduled for August 7th at Fair Park from 11am-1pm.

So, you may be asking, what does the TEA Party hope to accomplish? I hope that through this movement, we will make it our duty to become educated on the things our government is doing. I hope we will elect men and women to office

who will uphold our shared values and that we will hold them accountable once they are in office, for as long as they are in office. I hope that Americans realize that if we take freedom for granted, we will lose it. I hope that we will renew a sense of pride in our country and an understanding that our exceptionalism is something to strive towards and maintain because there is no greater place to call home than America. Finally, I hope that those of you who have not already attended a TEA Party will attend one soon and even if you never attend one, you will keep a watchful eye on your government's actions.

Educate yourself and get involved. Thomas Jefferson once said, "The price of freedom is eternal vigilance".

As I remember

The following is the continuation of an article written from the memories of the late Marvin Martin, a lifelong resident of the Village of Kewaskum, entitled, "As I Remember." Marvin has since passed away and we came across it among the pages of our archives. We thought many residents would like to read this story once again and was worthy of reprinting for another generation of Kewaskum residents.

Halfway between First Street and Main Street was Farmers and Merchants Bank. Continuing south on Fond du Lac Avenue on the east side of the street was the Becker Blacksmith Shop, some homes and the Temperance Hall which is now the Labor Center (next to American Family Insurance).

The Kewaskum Aluminum Company was founded in 1919. Instead of a coffee break, employees would go to the tavern for a beer and lunch. It was not unusual to see a youngster or an adult carrying several pails of beer on a stick to some area where people were working. In 1945, the Kewaskum Aluminum Company was sold to J.O. Reigle. The name was changed to Kewaskum Utensil Company and in 1951 the name was changed to Regal Ware Inc.

remember going to Campbellsport by bobsled to play basketball. Once we had a game at Lomira, got as far as Ashford and had to return. We then took the train to Fond du Lac, walked to the Soo Line, took that to Lomira, played our game and then took the same route

Andrew Martin, my grandfather of Wayne, built the first telephone line from Wayne to Dr. Hausmann's office in Kewaskum and August Bartelt put up the first telephone lines from Forest Lake to Marx's Store. Later Theresa Union Telephone

Company took over and the office was moved into the area of where The Candy Tree is now.

While in high school, I worked for the telephone company and received \$1 per night.

Basketball was a very popular sport and although we didn't have the gyms of today, the Opera House was probably one of the better areas you could find. We had the substance of a professional basketball team with the Spatzie Gang, headed by Eddie "Spatz" Miller, with two players from the New London Eddisons, as well as an Indian by the name of Steffus. Later the American Legion took over. There was much rivalry in this professional sport between Slinger, Kewaskum and Cedarburg. Each would try to outdo the others by hiring profession-

Although we also played basketball at the high school, as mentioned, most games were at the Opera House. In the winter the Opera House was heated with a coal stove, which was roaring, red hot and would have to be moved before we started playing ball. Because so many attended these games, before they started they would rope off the sides to try to keep the crowd off the playing court. There was more room between the ceiling and the basket than in most

When playing at West Bend, we played at Claussen Hall. In high school days we had to change clothes at the old high school and run about three or four blocks to Claussen Hall. It was not unusual to find a coal stove in the playing area and also to get pushed into one once in awhile.

During the depression a girls basketball team was formed. Originally the girls played a six person team and certain people could only go up to half the court. This was later changed and they played more by the

boys rules. The reason for starting the girls team was to try to get more people to come to the games. These girls also played other boys teams and probably got \$25 for playing these teams (that is how I met my wife).

The Kewaskum Fire Department was originally a hook and ladder and an engine department (one ladder). Their first piece of fire equipment was a hand drawn cart fitted with a hand pump which was manufactured by Remmel Manufacturing Company. This is still preserved today. Remmel Manufacturing was known throughout the country for their products. They also made corn huskers and concrete mixers.

The first motorized pump had a gasoline Watrus engine. The first motorized fire engine, a chemical truck, was purchased from the American LaFrance Company.

Some of our history of Kewaskum can be seen first hand at our local museum. I am telling you this as I remember it. I hope the facts are all correct as I am no longer able to see well and cannot do the reference work that probably should be researched in compiling this. I may have missed something, but I have tried to do it to the best of my ability. I hope it will be appreciated. I wish to thank Mr. James D. Reigle, Rose Ketter and Regal Ware for making it possible to record these memories of our village.

The Union Pacific Employee Club #18 held a brat fry at Geidel's Piggly Wiggly on Saturday, July 10th. The money collected was donated to the Washington County Historical Society. Past president and founder of Club #71, Jim Yanke presented a check for \$350 to Lisa Rogers, Director of Marketing, WCHS.

'I'm still looking for crucifixes," Joers went on, referring to the 94 parishes on the Rio Coco River which Fr. Elvis and Fr. Floriano provide sacraments for.

The good news is we've collected 36 of them," Joers said. The crosses are 3 feet by 4 feet and contain a detailed body of Christ.

If people want to donate \$150 for a crucifix, they can do so anonymously or have a plaque with their names on the bottom of the cross. Another option is to dedicate the cross in memory of a loved one.

"Holy Trinity and St. Michael have done so well. They can be so proud of their members," Joers said. "I don't know of any other partnerships that are as successful as this .. building a church in three years (in Santa Ana)" is amazing.

Other items on Joers' wish list are rosaries and other religious items, such as statues and holy cards, along with baby blankets, which will be presented to mothers at the time of their child's baptism.

Medical supplies are always needed, including pain relievers, bandages, antibiotic

More information on these collections will be presented to the parishioners late July and early August. The next shipment to Nicaragua, a 40-foot container, will be made in Sep-

Fred Middendorf, longtime St. Michael parishioner and Joers' stepfather, is also making a fall trip to Nicaragua. He will leave on Oct. 17th. The trip will be his third.

On his last trip, Middendorf built and installed shelving and cabinets in the priests' living quarters. "When he goes this time, he's going to be working on plumbing," Joers said, adding, "The priests have a list (of other projects) for him."

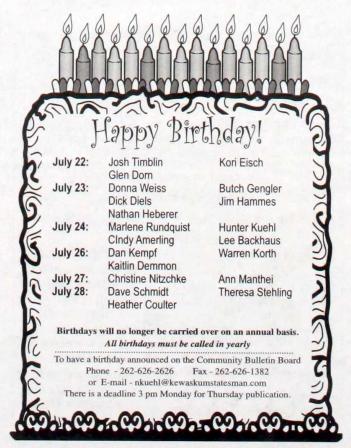

As for Joers, who just recently was able to spend time with one of her sons and his family, she's eager to get back to work. "I'm excited to go back, see what's happening to the people and make use of my time there," she said. "There's a lot of work to be done here as well as in Nicaragua."

Marie Joers shown while in Esperanza, a large village of 2500 people on the Rio Coco. The biggest problem for the 85 villages on the Rio Coco, and the additional 25 villages inland, is clean water. The pump to this well was destroyed and the water was contaminated during the revolution in 1984 and has not yet been repaired.

Joers shown in December, 2009 walking from the Rio Coco to Kum along a flooded dirt road. Most of the roads are flooded during the raining season from May to February making it difficult to transport supplies to the inland

Last Music in the Park Thursday

The Kewaskum Area Arts Council and the Village of Kewaskum are pleased to announce the sixth and final Music in the Park concert of the summer. This free evening of music on Thursday, July 22 in the River Hill Park, welcomes the Goodtime Dutchmen.

An August 20, 1991 appearance of the Goodtime Dutchmen at the Dodge County Fair in Beaver Dam, WI caught the ear of many polka bands, dancers, and radio disc jockeys. After jammin' along with the record player and following their grandpa's band (The Bill Thull Recording Orchestra) with

their parents, "the kids" just couldn't put their music ability to rest.

After many rehearsals, January 1992 marked their first public dance job at the Raveno Ballroom in Neenah, WI. The band has been pushing polkas ever since, bringing their travels to many different areas, such as: Minnesota, North Dakota, South Dakota, Nebraska, Kansas, Iowa, Illinois, Michigan, Indiana, Tennessee, and Wisconsin.

The band received the "Horizon Award" in 1997 & "Band of the Year" in 2002 from the Wisconsin Polka Hall of Fame, appeared on the nationally aired "The Today

Show" and can be seen on the soon to be released documentary, "It's Happiness" featuring different styles of polka music. Ralph was also awarded Bandleader of the Year by the Wisconsin Orchestra Leaders in 2001.

The Goodtime Dutchmen have six recordings: Kids Must Play; Autumn Spice; Who's in Charge; Thanks to You; Going Nuts on Polkas; and the most recent - Try It, You'll Like It.

Polkas - Gotta have 'em!!!!
This concert starts at 6:30
PM in River Hill Park with
food and beverages provided
by the Kewaskum Fire Depart-

ment available at 5:30 PM.

Peace UCC PIGNIC Aug. 1

Area residents are invited to attend Peace United Church of Christ's 12th Annual PIGNIC pig roast and chicken dinner on Sunday, August 1, 2010 at Kewaskum Kiwanis Park. The event will kick off at 8:30 a.m. with welcome time and social fellowship. A 9:30 a.m. community worship service, led by Rev. J. Eric Kirkegaard, will follow in the park pavilion. Special music will be offered by children who attended Vacation Bible School. Pre-worship music will be provided by Cheri Hron and Betty Graff.

For the third year, the Kewaskum Big Band will perform a live concert from 11:30 a.m. to 1:00 p.m. Under the direction of Howard Schneider, the band offers music from some of your favorite dance bands of the swing era. Don't miss these local musicians with a professional sound!

The dinner, complete with salad, fruit, vegetables, and beverage, will be served from 11:00 a.m. to 1:00 p.m. Carry outs are available and tickets will be sold on the day of the event. Dinner tickets are \$8 for adults, \$5 for children 4-10 years old, and free for children under 4 years old. Advanced tickets are recommended and are available from the church office at 626-4011. A dessert booth will serve delicious, home-made specialties.

New this year, an inflatable bounce house is being offered free of charge for the children. Kids can also create stepping-stones, or try their luck at the baseball pitch, monkey striker, bean bag toss or golf ball game. Some in the crowd might prefer old-fashioned games like egg-on-aspoon or 3-legged sack races. If you need to cool off, the water balloon toss is just for you! You won't want to miss the pig-calling contest and race. Other entertainment surprises will be offered throughout the day. In case of rain, the PIGNIC will be held in the Kewaskum Middle School.

Every member of the family will find something of interest in over 50 bucket raffles, featuring sports, dining, jewelry, home and garden, music, pet care, entertainment packages, etc. Gift cards from local businesses are also included. Chances are \$1 each or 25 for \$20. A beautifully handstitched log cabin style quilt featuring vintage dress fabrics will also be raffled. Tickets are \$1 each or 6 for \$5.

A favorite raffle this year is a striking, custom-built, "Surf Shack" playhouse. Tickets for this item are \$5 each or 5 for \$20 and are available at Peace Church, Gateway Café, Ogi Vet Clinic or Van Ess Dental office. Playhouse delivery to the winner is also included within 30 miles of Kewaskum. You do not have to be present to win.

Come and join in for good food, fun and fellowship. No matter who you are, or where you are on life's journey, you are welcome here!

Searching for Hidden Treasures: Geocaching

"Searching for Hidden Treasures: Geocaching" is the next program in the Summer Saturday Evening Events series at the Kettle Moraine State Forest - Northern Unit.

The evening is sponsored by the Friends of the Kettle Moraine. The program will be held on Saturday, August 7, from 6:30 p.m. to 8:45 p.m. at the Henry S. Reuss Ice Age Visitor Center. The Ice Age Visitor Center is located off of Hwy 67 half mile west of Dundee. The program is free, but donations are always gratefully accepted.

Hidden treasures . . . Secret codes . . . Challenging, beautiful natural terrain . . . Cool technology toys . . . Do these things pique your interest? Then geocaching is

for you! What is geocaching? It is a great, fun-filled sport that uses the technology of GPS (global position system) satellites to locate treasures hidden by fellow geocachers. Once you get the clues from the Internet, you are off on your quest to find hidden treasures or caches.

Join members of the Wisconsin Geocaching Association and Jackie Scharfenberg, forest naturalist, as they provide you with the tools and knowledge to begin geocaching. Jackie will cover how to use topographic maps and orienteering compasses. The geocachers will explain how the GPS system works and the ins-and-outs of the sport of geocaching. The evening will end with actual treasure hunts

to find nearby hidden caches. Remember to bring your insect repellant and come dressed for the weather.

For further information or directions to the Ice Age Visitor Center, contact the forest staff at the Ice Age Visitor Center. The staff can be reached at (920) 533-8322. The center is open Monday through Friday from 8:30 a.m. to 4:00 p.m., and on Saturday and Sunday from 9:30 a.m. to 5:00 p.m.

Local students attend **World Affairs Seminar**

The Kewaskum Lions Club in cooperation with the Kewaskum high school guidance department is proud to announce that the following students attended the 33rd annual World Affairs Seminar.

The candidates were Cecily Mellenthin, daughter of David and Joanna Meilenthin and Rachel Ogi, daughter of Gregory and Julaine Ogi.

The seminar was held at Carroll University in Waukesha June 26 - July 2, 2010. The theme of the seminar was "Global Fresh Water Challenge."

The 2010 World Affairs Seminar incorporates international and domestic experts who discussed the current global issue of fresh water. Participants were introduced to higher level leadership skills that benefit future relationships throughout their lives. Documentary films and interactive small and large group simulations complement an education program that creates a safe environment to discuss some of our most perplexing global issues concerning fresh water.

The participants included students from across the United States, international exchange students and international high school students traveling directly to the seminar from their home countries. Interaction among these three groups give participants an opportunity to learn about each others custom, opinions and aspirations.

Daily social and recreational activities are offered includng an international talent show and night of global music.

The Kewaskum Lions are proud to be a participant in programs which help our students and community grow in understanding the importance of fresh water to our community, the great lakes region and the state of Wisconsin.

Any person interested in helping the Kewaskum Lions make our community a better place to live should contact any Lions member or call Earl at The Amerahn.

MPTC enters transfer agreements with UW-Parkside

Moraine Park Technical that will help our state." College has signed credit-transfer agreements with the University of Wisconsin-Parkside to make bachelor's degrees more affordable and convenient for students pursuing general studies and Water Quality Technology at Moraine Park.

Starting this fall, Moraine Park students who complete the College's Water Quality Technology associate of applied science degree can transfer up to 67 credits to a bachelor of science degree in Sustainable Management from UW-Park-

In addition, up to 30 credits from Moraine Park's general studies courses in the areas of Communications, Natural Science, Math, Social Science and Humanities will transfer to UW-Parkside. Some Moraine Park students may be able to transfer additional credits towards their major, if there are specific course equivalencies identified in their major area of study.

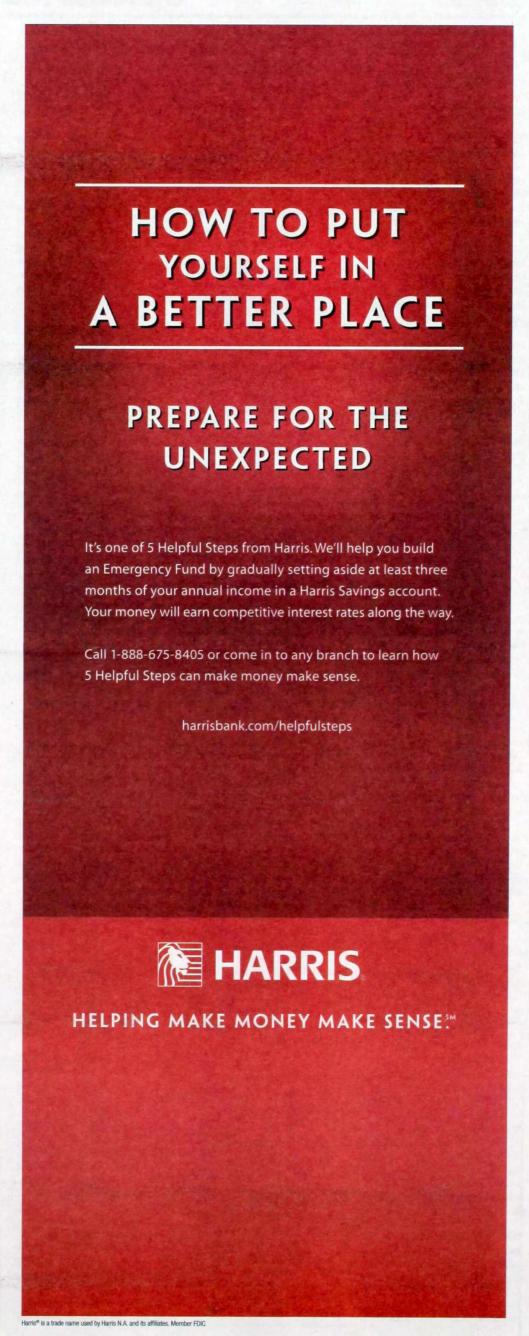

At the July 8 signing, Moraine Park President Gayle Hytrek called the agreements "a momentous occasion for us." As the first credit-transfer accords between UW-Parkside and Moraine Park and the first articulations between any of the four University of Wisconsin System campuses offering the Sustainable Management degree and a Wisconsin technical college, the agreements allow Moraine Park "to be involved in the green/sustainable movement that is happening throughout the United States, giving more opportunities for our students," said Dr. Hytrek. "We hope many of [our students] go to UW-Parkside for the Sustainable Management degree because

UW-Parkside Chancellor Debbie Ford thanked Dr. Hytrek and the Moraine Park staff who worked with UW-Parkside Biological Sciences Professor Carmel Ruffolo to create the agreements. She also noted the strong support of the Milwaukee Water Council and the financial backing of the Regional Workforce Alliance and the Workforce Innovation in Regional Economic Development (WIRED) Program to fund the creation of what she called "pathways" for student success.

"We had the opportunity with the WIRED grant to build academic pathways from the technical colleges, through four-year institutions like UW-Parkside and, ultimately, to the master's and doctoral level with UW-Milwaukee," said Chancellor Ford. "So it creates pathways for students as they - using one of their expressions - 'swirl' from institution to institution."

For more information about these agreements, contact Karla Donohue, Moraine Park academic support/transfer specialist, at kdonohue@morainepark.edu. To view other credit transfer opportunities at the College, visit morainepark. edu/credittransfer.

With campuses in Beaver Dam, Fond du Lac and West Bend, Moraine Park Technical College offers more than 100 associate of applied science degrees, technical diplomas, apprenticeships and certificates delivered in a variety of formats - classroom, online and blended. Training and technical assistance for businesses are also offered. For more information, visit www.morainepark.edu.

IN MEMORY

In loving memory of **ALLEN "ALBS" DREHER** who passed away 5 years ago on July 25, 2005.

To those I love and those who love me

When I am gone, release me, and let me go.

I have so many things to see and do. You mustn't tie yourself to me

with tears, Be happy we had so many years.

I gave you my love and you can only guess, How much you gave me in

happiness.

I thank you for the love you

I thank you for the love you each have shown, But now it's time I traveled

alone. So grieve awhile for me if you

must, Then let your grief be

comforted by trust. It's only for a while that we must part, So bless those memories in

your heart. I won't be far away, for life

goes on, So if you need me, call and I will come.

Though you can't see me or touch me, I'll be near, And if you listen with your heart, you'll hear

All my love around soft and clear.
And then, when you must

come this way alone, I'll greet you with a smile and "Welcome Home."

There is not a day that goes by where we don't think of your smile, jokes and cooking.

> We love and miss you, Shirley & family

TEA PARTY

Aug. 7, II a.m. - I p.m. Washington County Fair Grounds

To my fellow Americans

The time has come when we must decide what we are going to do. Are we going to let Washington D. C., Madison or the Village run us into bankruptcy or make our children and grandchildren pay for our lack of leadership? The time is now to stand up and attend the tea party at the Washington County Fair Park on August 7th, 11:00 am -:00 pm.

On a personal note, I feel our Village needs to wake up. Our lack of leadership has cost us too much. The water rates are crazy. Just because we had an over flow from a large amount of rain, we had to redo the sewer plant for \$7,000,000 design plan from McMahon after not taking the \$13,000,000 Ruekert/Mielke proposed. Sure am glad the village used McMahon to save us the money. Why not let developers use McMahon? Now the DNR wants us to chlorinate the water – why? Just this week, Milwaukee dumped 7,000,000 gallons of sewage in Lake Michigan, but yet WE had to fix OUR sewage treatment plant?!

Government must think we are stupid. They are raising fees on everything, which is no different than raising taxes. People cannot afford it anymore. We need to cut taxes and run the government like any other businesses does. If that means cutting government wages, equipment, ect. then do it. Our village needs to bring growth and businesses to the community. The Village and I started a business park in '05 but got scammed by the fancy land plan from California. But the time has come to move on.

I had two businesses for the business park. Both have backed away after seeing all the difficulties I had to deal with on this simple rezoning. They both told me they are not interested in dealing with the Village. Remember, we started the plan in April and still have not gotten approval from R/M or Village staff, but remember, the Village board approved it.

A member of the plan commission, with 30 years plus years of surveying and development design layout experience, voiced his opinion and said the plan was reasonable, made the motion to approve it and yet it got voted down. It was Village Staff, Ruekert/Mielke and the new Village attorney – Stan Riffle (who, by the way, stated Bill Mielke is his best friend). Who is our new attorney working for? Ruekert/Mielke said the plan was not good enough.

Now after I brought my own engineer and attorney in personally to the meetings, the board voted for it as long as staff and Ruekert/Mielke approved all layouts. The list of improvement requirements is a mile long. (what a joke!) After building and developing in Kewaskum for 15 years I have moved to Sheboygan Falls to build. The reason was because the building permits in the Village of Kewaskum are over \$17,000. In Sheboygan Falls the same permit is \$1,000. I asked the staff at Sheboygan Falls why. He stated the impact fees are a one-time charge. On the other hand, taxes on a building are forever with a savings of \$16,000. Just for the permit costs and a staff that is willing to work with builders and developers, anyone with any intelligence would take their workforce where the potential for profit would be greater and I have truly just gotten sick for working with bobble heads in Kewaskum.

As a husband, father, grandfather, business man, landlord, developer, former 10 year Village Trustee, past president and district director of the JC's for 18 years and current member of Kiwanis for 12 years, it's my feeling that if you want to live in a community, you need to give back and be pro active and help your fellow Americans. I hope to see you at the tea party August 7th!

The time has come for Americans to stand up and say we have had enough!

Days Gone By

25 Years Ago

June 7, 1985

Tom Brigham, President of the Kewaskum Board of Education, has announced that a tentative agreement has been reached with Ms. Penny Kleinhans as the new District Administrator for the Kewaskum School District. Ms. Kleinhans is presently the District Administrator of the Deerfield School District in Deerfield, Wisconsin.

The Kewaskum AFS Chapter is happy to announce the names of the Kewaskum families who will be hosting during the coming school year and the foreign students who will be living with them. Mr. and Mrs. Cornelius Beisbier and daughter Ellen, are awaiting the arrival of Samuel Ortega

Ortiz, who is 18 years old, from Bucaramanga, Colombia. Mr. and Mrs. James Dieringer and their children Dawn, Tyler and Josh are looking foward to greeting 16-year-old Cynthia Nery Barra from Juiz de Fora,

At a special afternoon service on May 5, Rev. Paul Hoenecke confirmed 16 eighth graders at St. Lucas Lutheran Church. The Confirmation class included Mark Hartmann, Alexandra Berg, Michael Eichsteadt, Cynthia Wilson, Erik Munson, Ronald Dickman, Jacqueline Taylor, Scott Stern, Lynn Dorzok, Todd Stange. Stacy Wilson, Jane Czoschke, Benjamin Edwards, Vicki Schuh, Glen Herman and Rita Ebert.

The Rev. Thomas R. Degnitz will be installed as the new pastor of Our Saviour's United Church of Christ, Germantown, on June 9. Rev. Degnitz is the son of Mr. and Mrs. Willard Degnitz of Boltonville.

Mike Steinhardt had the ninth fastest time in Friday's 100 meter state trials (11.19), narrowly missing qualification for finals (eight qualify) by .02 of a second as the eighth best time was 11.17. In the 200, he had the 14th best trials time at 23.1. His personal bests in the events are 11.0 and 23.7, but Friday's qualifying heats were run into a strong wind.

Another glorious spring evening brought record breaking crowds to the old baseball game at the Thiemerdome (north of Kewaskum). Extra ushers had to be brought in from Chicago to handle the overflow crowds. There were some problems from the previous week where young row-

dies were trying to move from their upper grandstand seats and this was causing problems for the season ticket holders. The Thiemerdome Players Wives Association issued an ultimatum to the VIP Lounge management that they are never, ever to serve pickled eggs with the beer again! The VIP Lounge special this week was Rock-n-Rye Singapore Slings, whereby a 12 ounce frosted glass full was only 25 cents. (I guess that means a half glass was 13 cents... I was never very good with fractions). Attendance was 278, down considerably from last week due to season ticket holder revolt. NEED MORE INFO ON THIS??? Either get a snip (haircut) or have your insurance policy checked when you finish your coffee. Think about it. (More clues next

week if I can think of any.)

A daughter, Meghan Jo, was born to John and JoAnn Reysen, Fredonia, on May 24. Meghan has four older brothers, Chris, Jason, Mason and Noah. A daughter, Ellen Marie, was born to Jeff and Mary Steger, Campbellsport, on May 18. A daughter, Danielle Roxanne, was born to Roxanne and Victor Ketchpaw Campbellsport, on May 17. A son, Kasey Christopher, was born to David and Traci Schanen. Campbellsport, May 19. Sons were also born to Karen and John Ramthun, Campbellsport, on May 28, and to Gary and Susan Kirst, Kewaskum, on June 1.

VILLAGE BOARD **MEETING** JUNE 21, 2010 7:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular session in the Council Room of the Municipal Building, 204 First Street.

Indians to face West, winner to advance to state tourney

hortstop Sam Olla tags out a Kewaskum A at second base in a scrimmage Tuesday.

At least one dominant conference champion having an outstanding season is going to have its heart crushed on Friday.

West Bend West (17-1 in the North Shore Conference, 30-2 overall) and/or Kewaskum (17-1 in the Eastern Wisconsin Conference, 26-5 overall) are going home without a trip to the state tournament.

Both teams received a firstround bye in the playoffs. West was the No. 1 seed and automatically got a bye and No. 2-seeded Kewaskum would have faced Cedar Grove-Belgium Tuesday but the Rockets dropped out of the season due to a lack of players.

East comes in 8-10 in the North Shore Conference and 15-20 overall. The Indians beat East, 6-5, in a tournament on May 22 and 12-2 in West Bend on May 27. A third win against the Suns moves the Indians into the sectional final at 5 p.m. against the winner of West and Campbellsport, an 8-1 winner over Oostburg on Tuesday.

After a listless scrimmage in which the Indians were pounded by the Kewaskum A's on Tuesday, Coach Doug Gonring said his team has to turn it up. Kewaskum comes in 2-2 in its last four games, after a 17-game winning streak. "It doesn't seem like we've been in it for a week. There's a lot of work. They've got to get over a couple things. Hopefully they have a chance, an opportunity to clear their mind here," he said.

Players know they have to refocus.

"Start thinking more about the game in our heads. We've got to come ready to play every day," said junior pitcher and third baseman Cody Nuernberg. "Been feeling a little lackadaisical lately. We're on a little skid here right now. We've got to kick it into gear before Friday. We're pretty vulnerable right now."

"We're in a drought right now. We've got to pick up the effort. We've got to want to be here," said sophomore pitcher and first baseman Brad Boe-

The Indians lost at Sheboygan Falls on July 12, 3-2, that blew a chance at a perfect conference season, the first in the 31-year history of the EWC. They followed with a doubleheader blowout at last-place Two Rivers and a nonconference loss last Friday at Port Washington, 8-3.

All those games they were minus senior centerfielder Brandon Zolp and senior pitcher and left fielder Cody Seibel, who were practicing for last Saturday's Wisconsin Football Coaches Association All-Star Football Game in Oshkosh.

"It was a lot of like a psych out. It was in the back of everybody's minds," Nuernberg said. "It's tough not having your two leading seniors ... but we didn't step up to the plate and take advantage of opportunities that we didn't play like ourselves. It's good to be back to full strength, though."

At full strength on Tuesday, the Indians got beat 16-1 in a scrimmage. Gonring was pleased he got work in for most of his pitchers. He has plenty to choose from come game time, a luxury when playing a possible two games back to back and a possible three in two days at the state tournament.

"Everybody will be on live alert on Friday," he said of his pitching staff.

Beyond that, Tuesday's effort was not acceptable.

"We're not playing real sharp. We're not using our heads. I know this is a scrimmage situation but it is what it is. Still have got to be a little bit better than that. It was a little sloppy today," he said.

From Tuesday, they have less than 72 hours to turn it around.

"We've got to get our team chemistry back. It's got to happen quick, too," Nuernberg said.

"We've just got to get our mojo back, play as a team," Boegel said.

Gonring didn't want to talk much about a possible matchup against West in the sectional final and get caught looking past East.

"Obviously that's what everyone's talking about but we've got a job to do first," he said. "Thinking about that opportunity could just get you to take the bait and I don't want to take the bait."

The Spartans enter Friday winners of 14 of their last 15. They started the season 16-0 and later won 12 straight. At 11 a.m. they play Campbellsport (10-8 and tied for second in the EWC, 17-12 overall).

Boegel leads the Indians with 15 home runs and 53 RBIs and tied for second with seven doubles. Nuernberg has six homers and seven doubles, and Seibel has five homers and a team-leading nine doubles, tied with leadoff hitter and shortstop Sam Olla, who leads the team in runs with 41. Boegel leads the team in average at .378 with Seibel at .376 and Olla at .351.

Seibel, Zolp play in All-Star game to benefit Children's Hospital of Wisconsin

Cody Seibel, left, and Brandom Zolp, right, were selected to play in the Wisconsin Football Coaches Association All-Star Football game to benefit Children's Hospital.

Cody Seibel and Brandon Zolp have played in several football playoff games in their high school careers and last Saturday's all-star game stacks up to all of them.

The two were selected by coaches to play in the Wisconsin Football Coaches Association All-Star Football Game that benefitted Children's Hospital of Wisconsin. Seibel played linebacker and Zolp cornerback, the same positions for which they received first-team All-Eastern Wisconsin Conference honors in their senior seasons.

Their team, the North, beat the South, 22-20 in overtime, in the Division 1-3 game in Oshkosh.

"Probably one of the most intense games I've ever played in," Zolp said.

"The stands were just crowded and everyone was yelling," said Seibel.

The North scored in overtime and successfully converted its two-point attempt. The South scored but didn't make its two-point try.

Zolp said Seibel made a couple of big hits in the game and Seibel said Zolp missed an interception.

"Lost it for a second behind the guy, came across the middle, I jumped the route," Zolp said.

The two raised more than \$5,000 for Children's Hospital of Wisconsin, part of \$356,000 of the combined players' total.

Teams stayed in dorms all week and practiced every day.

"I thought it was an awesome week one of the best weeks of my life. A whole week of just football," Zolp said. "It was fun, really fun," Seibel said. "Just pretty much practice, play football, sat around, chill with a bunch of guys and kept on practicing."

They said the week served as a good precursor to this fall. Seibel will play linebacker at the University of Wisconsin-Stevens Point and Zolp corner at UW-Whitewater.

"It's definitely good preparation for college," Zolp said.

"Fun, for one, and two, you knew you were playing with good guys. You had to step up your game and play your best game," said Seibel.

This was the fourth year the WFCA has partnered with Children's Hospital for the game.

Children's Hospital of Wisconsin, a Level I Pediatric Trauma Center, was founded in 1894 and is rated No. 3 in the nation by Parents magazine and named one of America's Best Children's Hospitals by U.S. News & World Report. For more information, go to http://www.chw.org.
